

**pull\_request\_opened rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

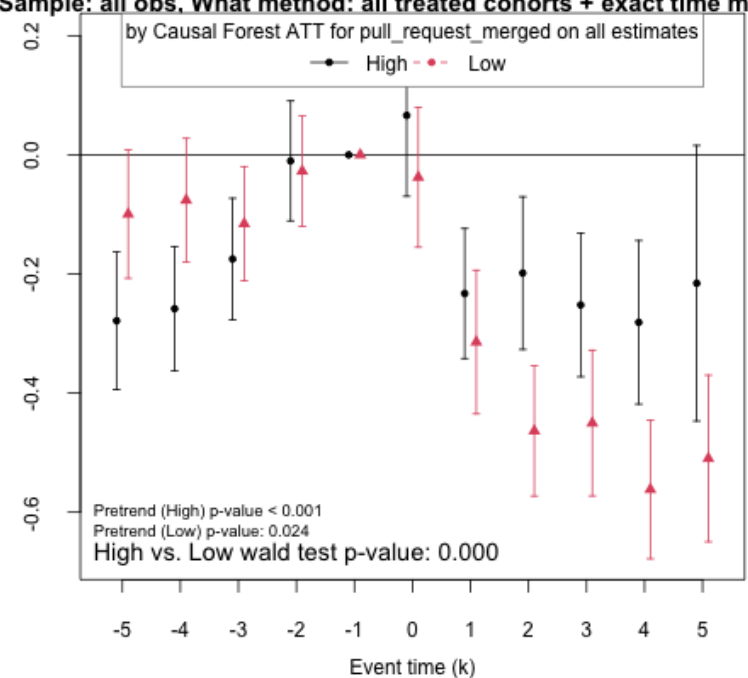

**pull\_request\_merged rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

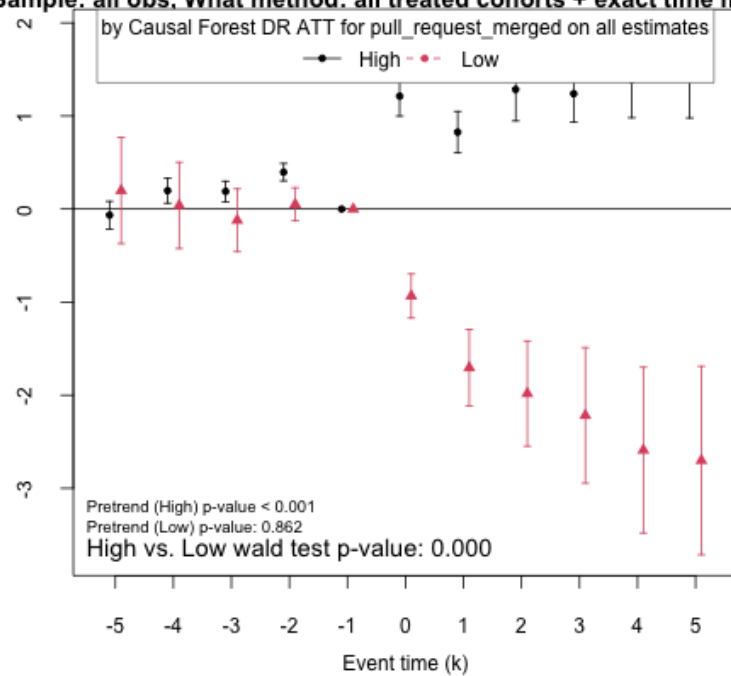

**overall\_new\_release\_count rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

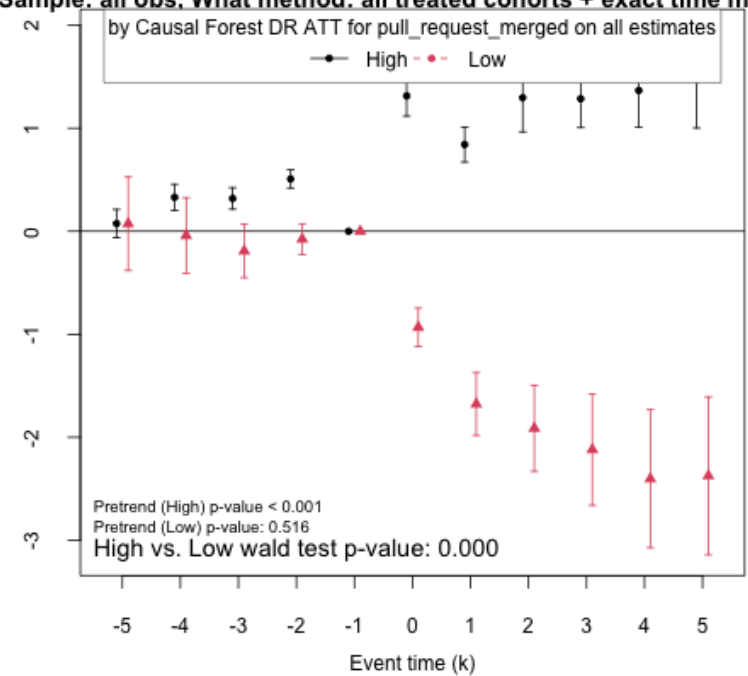

**major\_minor\_release\_count rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

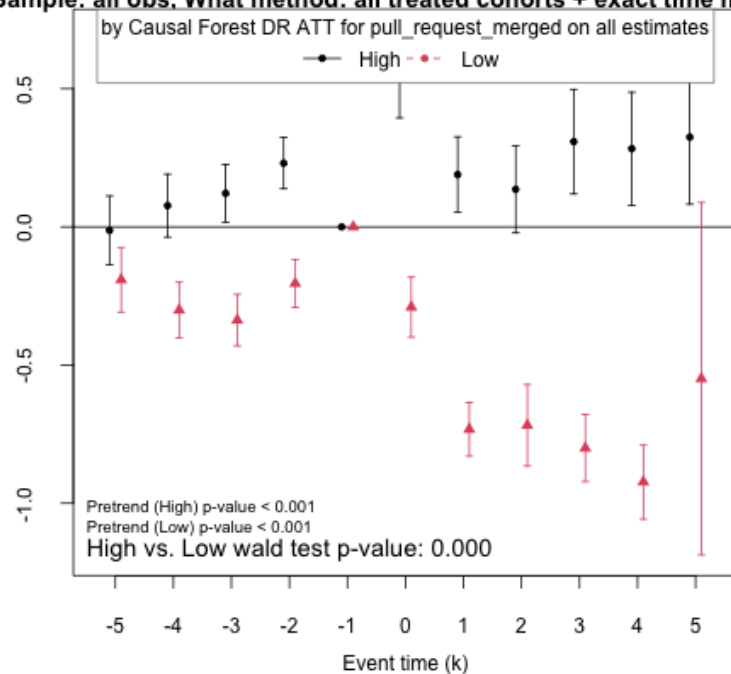

**pull\_request\_opened rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

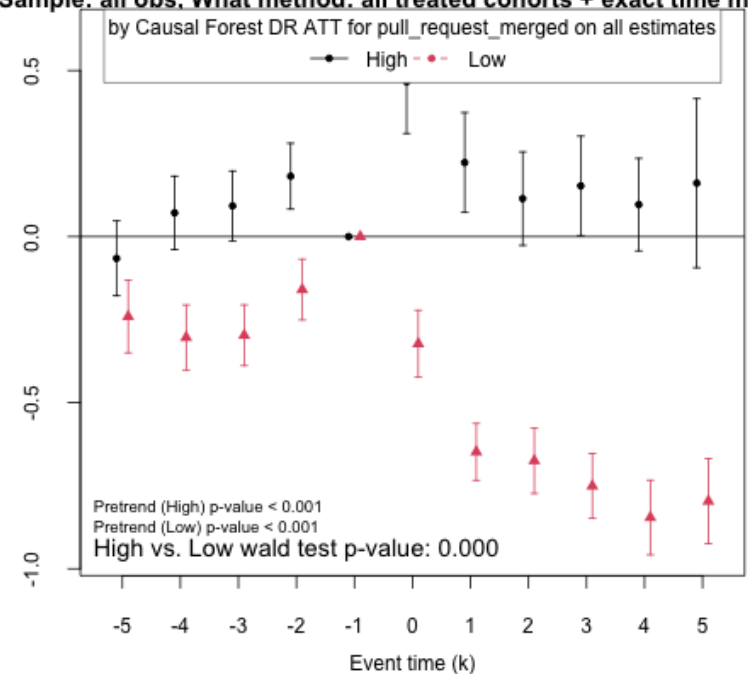

**pull\_request\_merged rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

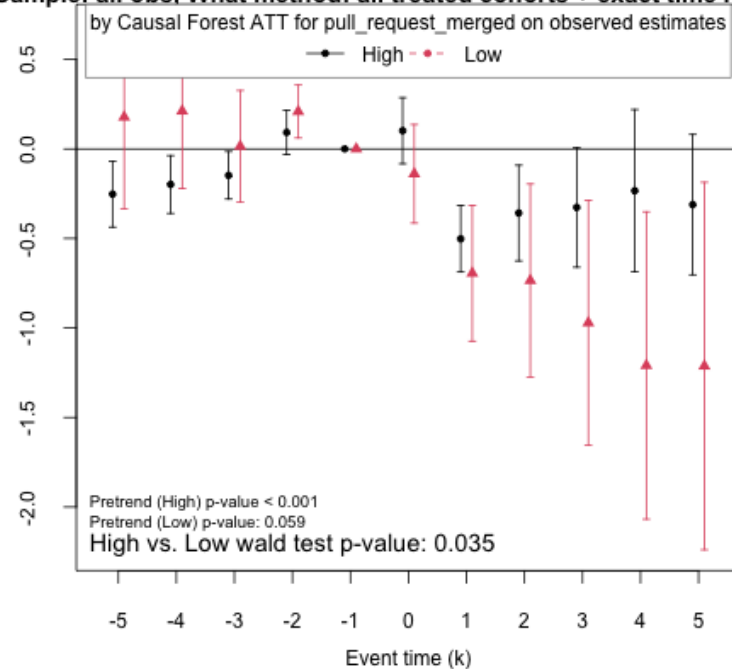

**overall\_new\_release\_count rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

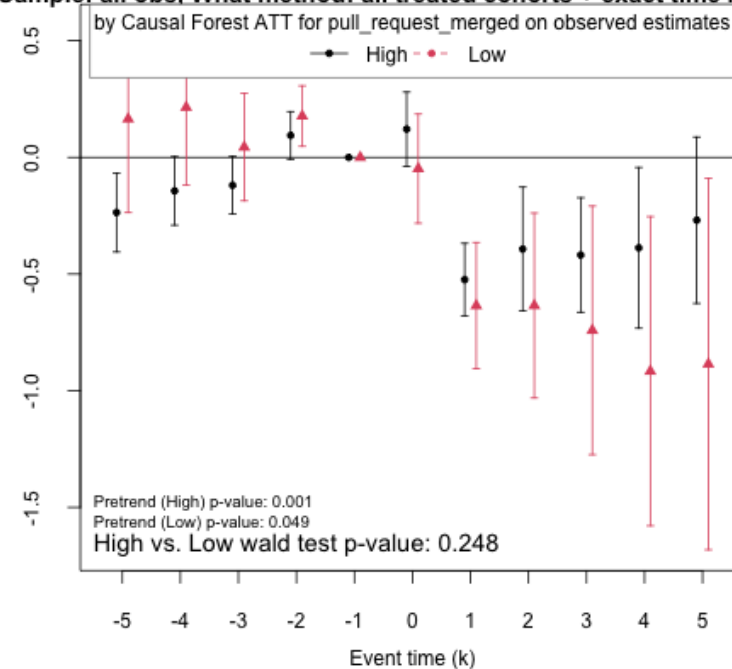

**major\_minor\_release\_count rolling5**  
Sample: all obs. What method: all treated cohorts + exact time match

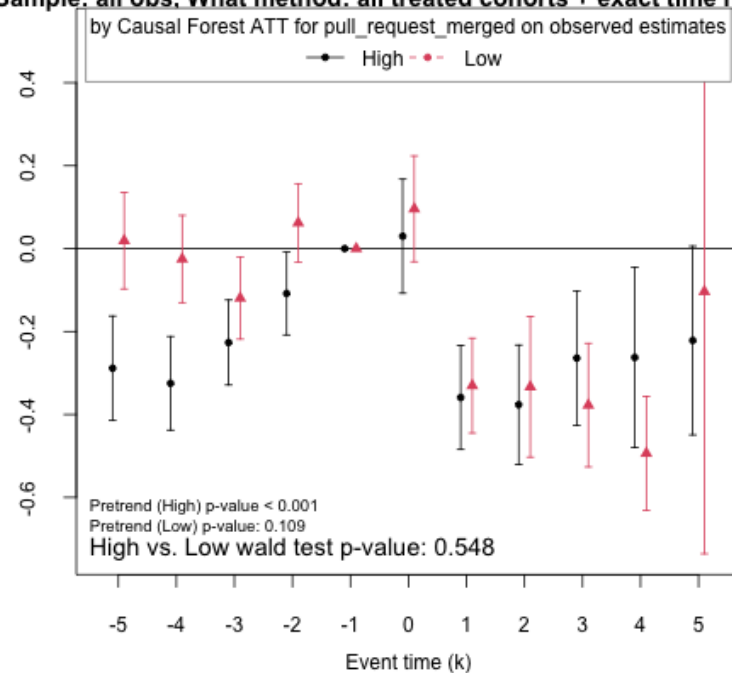

**pull\_request\_opened rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

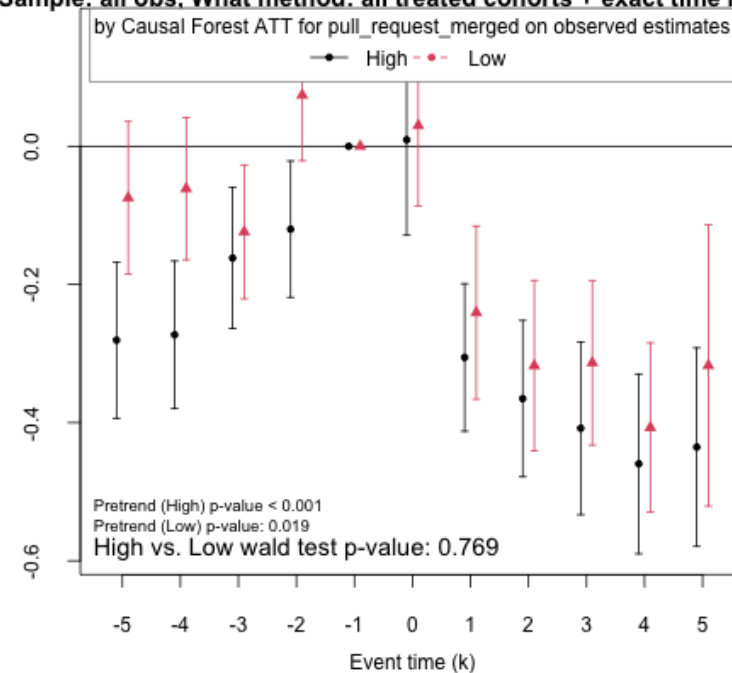

**pull\_request\_merged rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

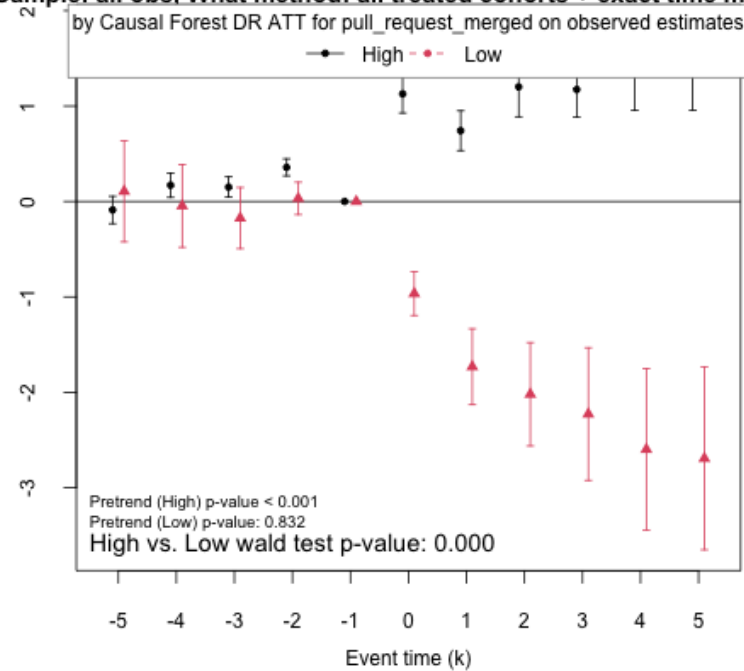

**overall\_new\_release\_count rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

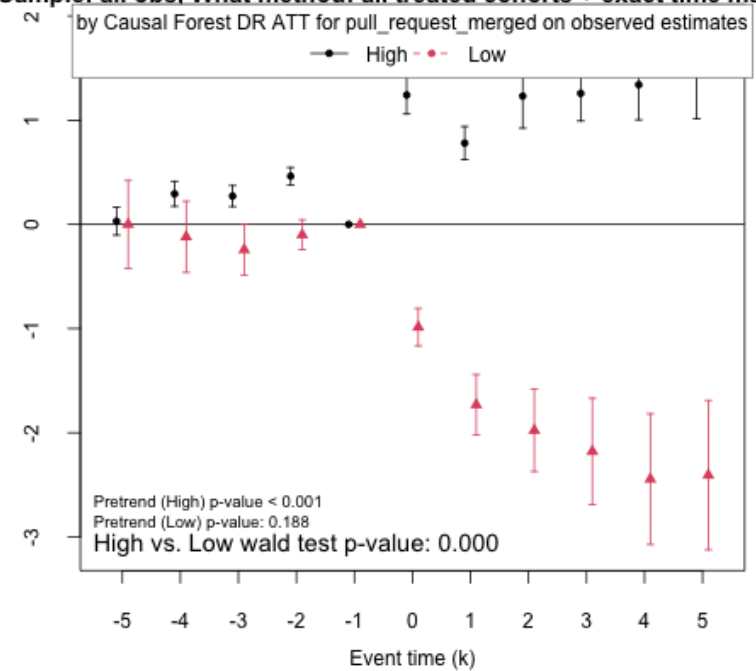

**major\_minor\_release\_count rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

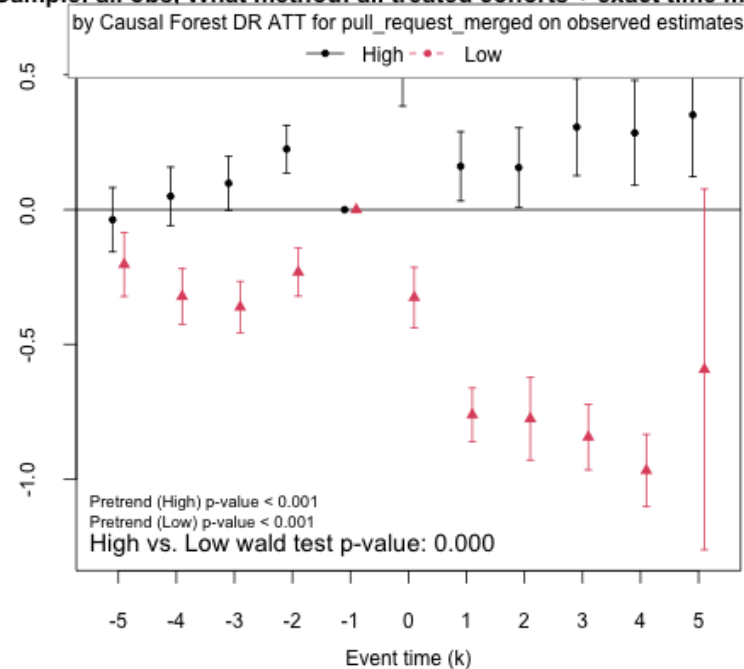

**pull\_request\_opened rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

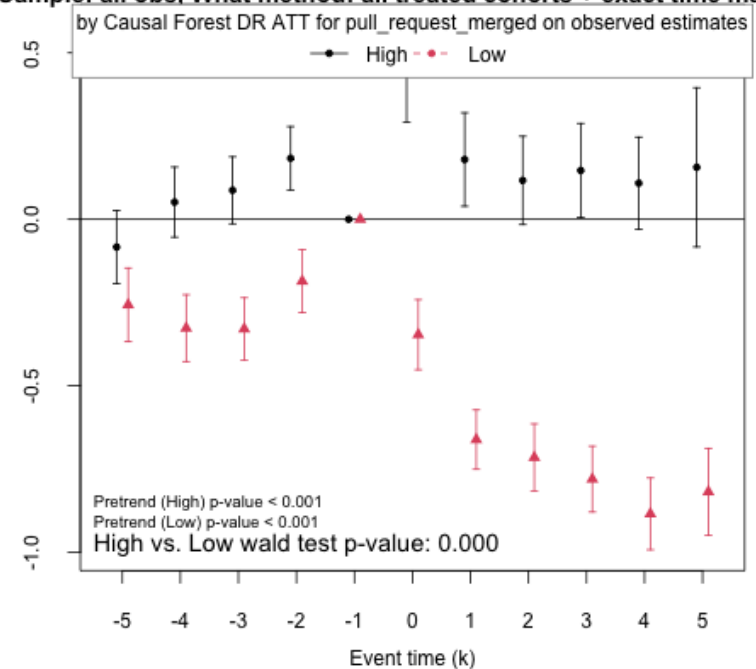

**pull\_request\_merged rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

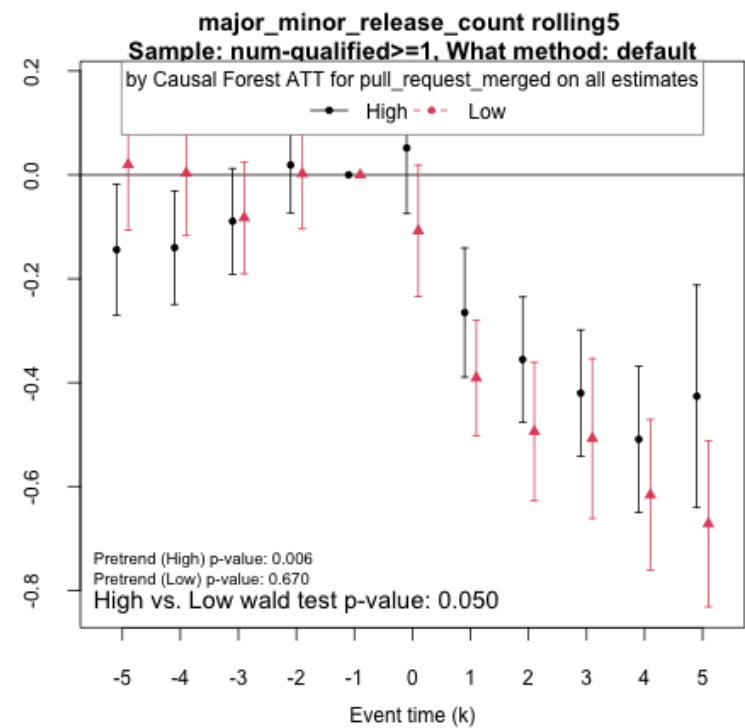

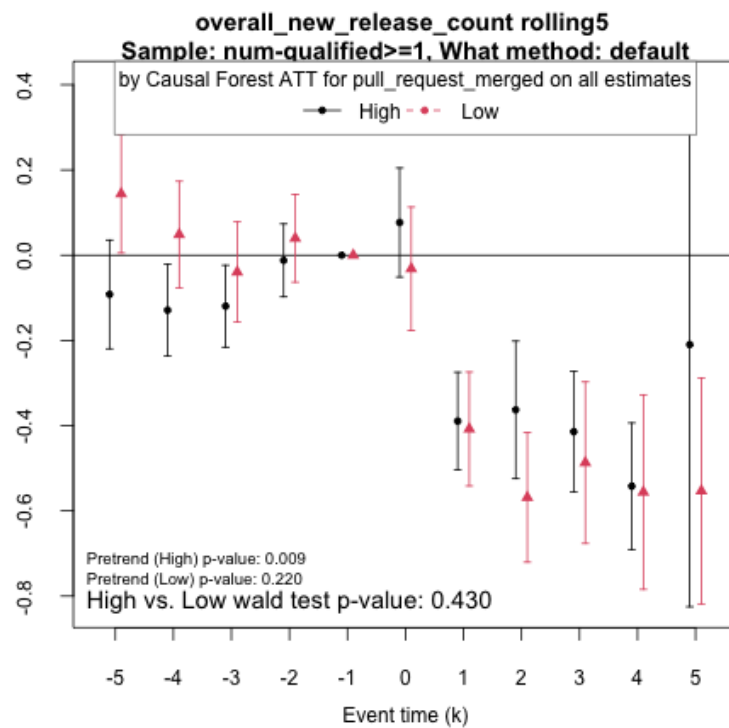

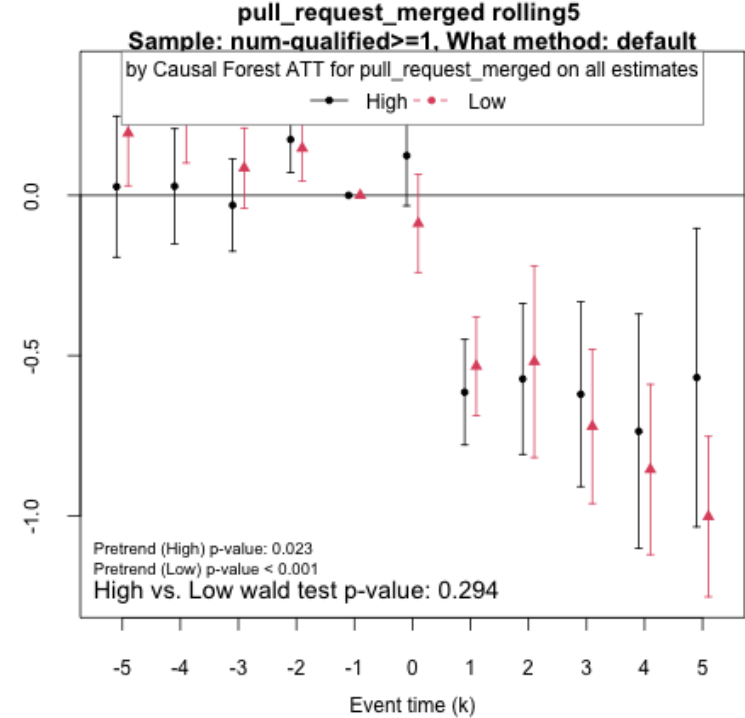

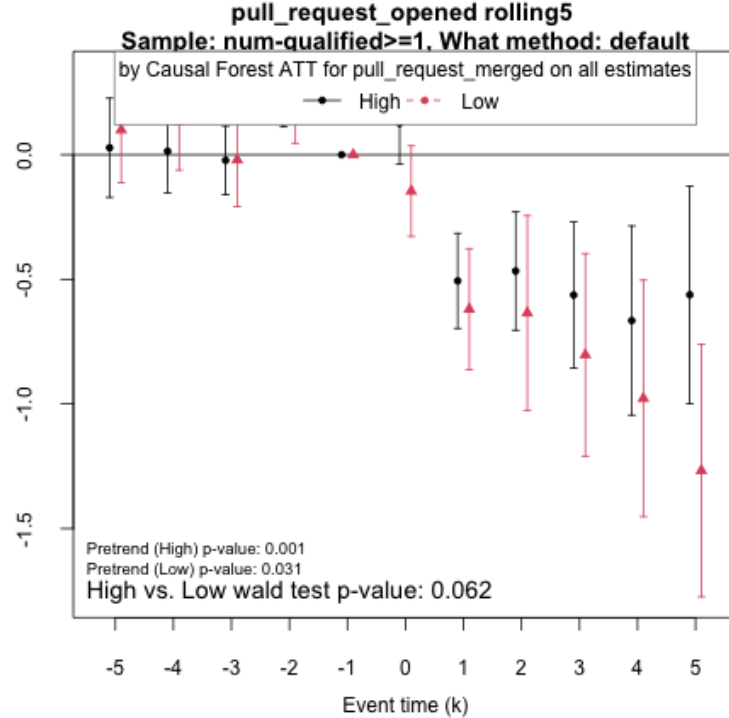

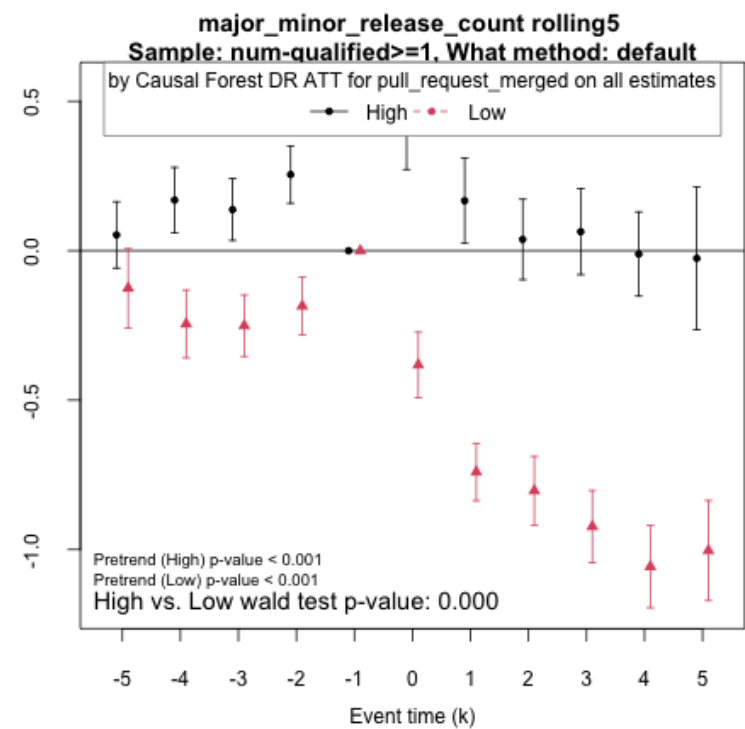

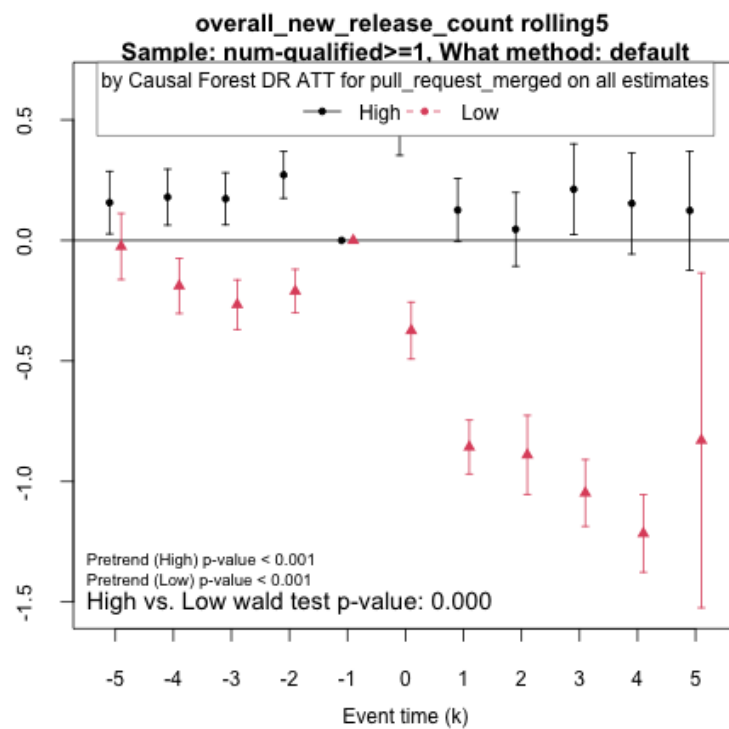

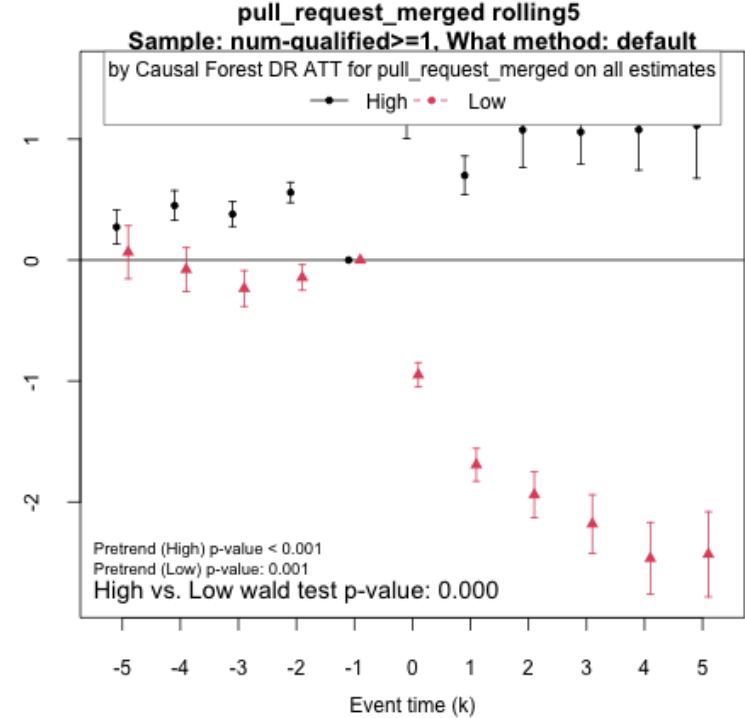

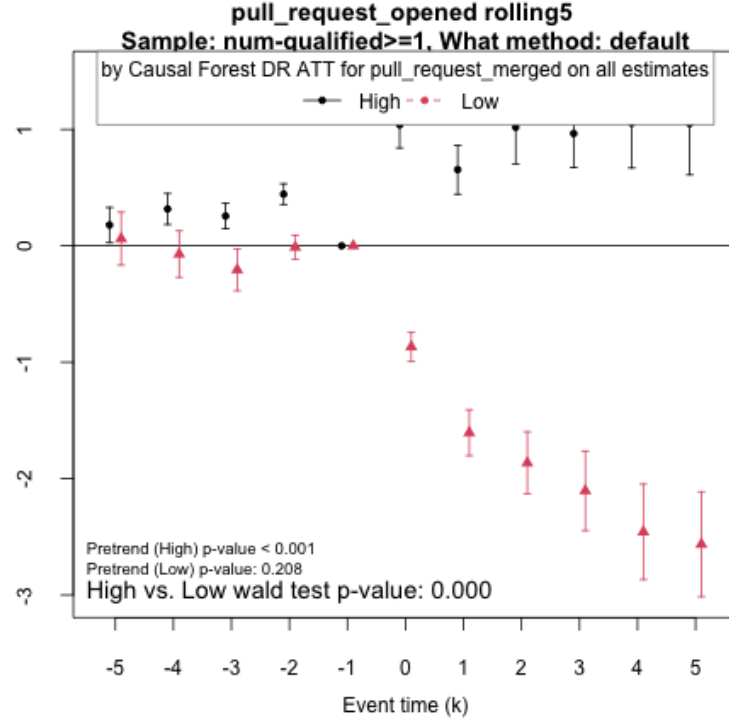

**overall\_new\_release\_count rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

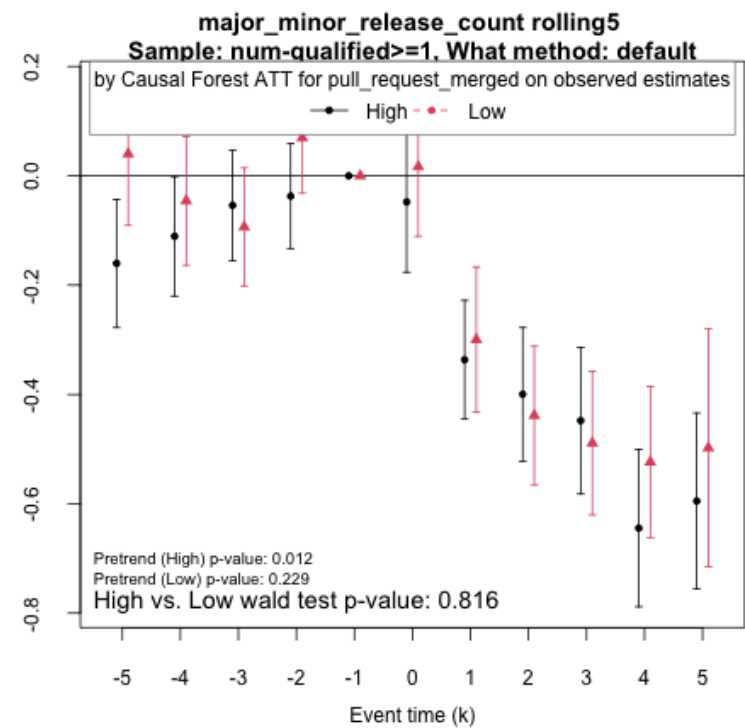

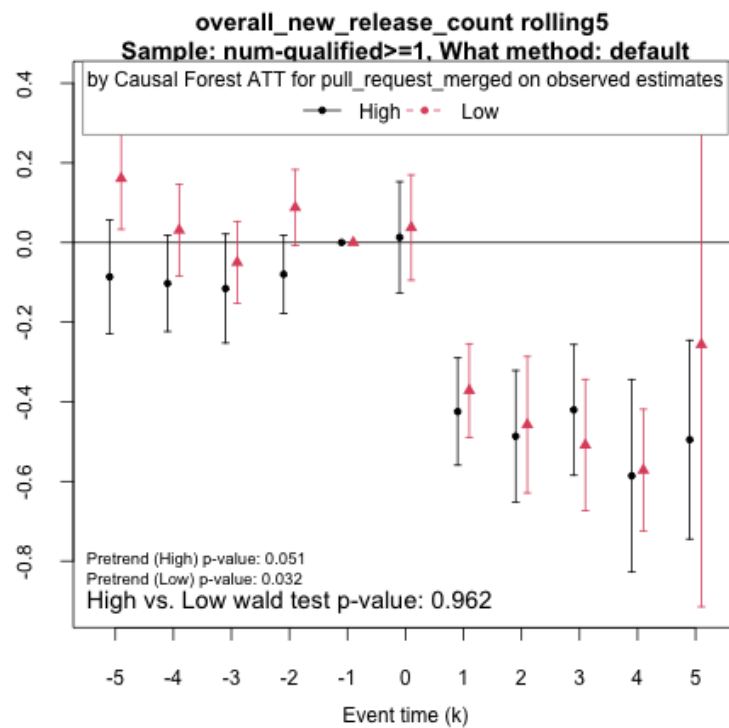

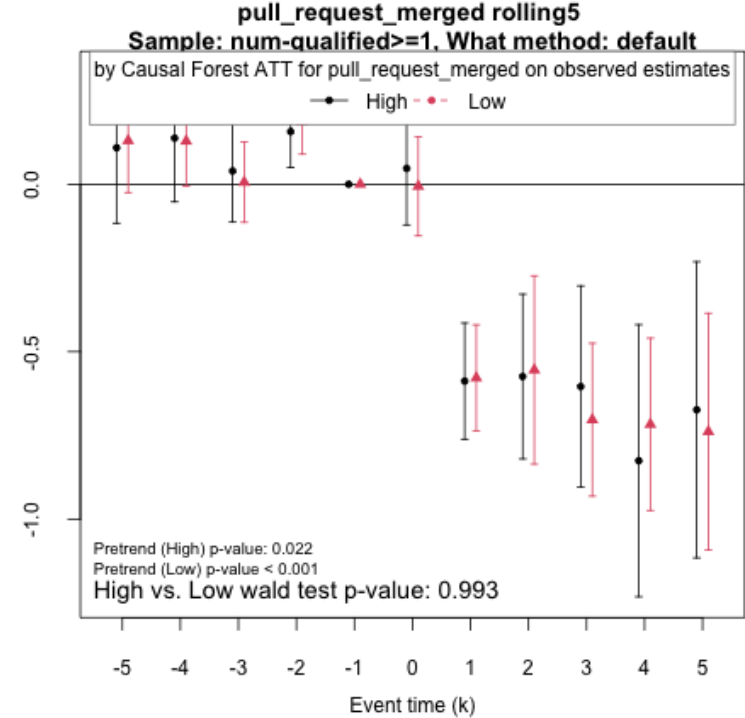

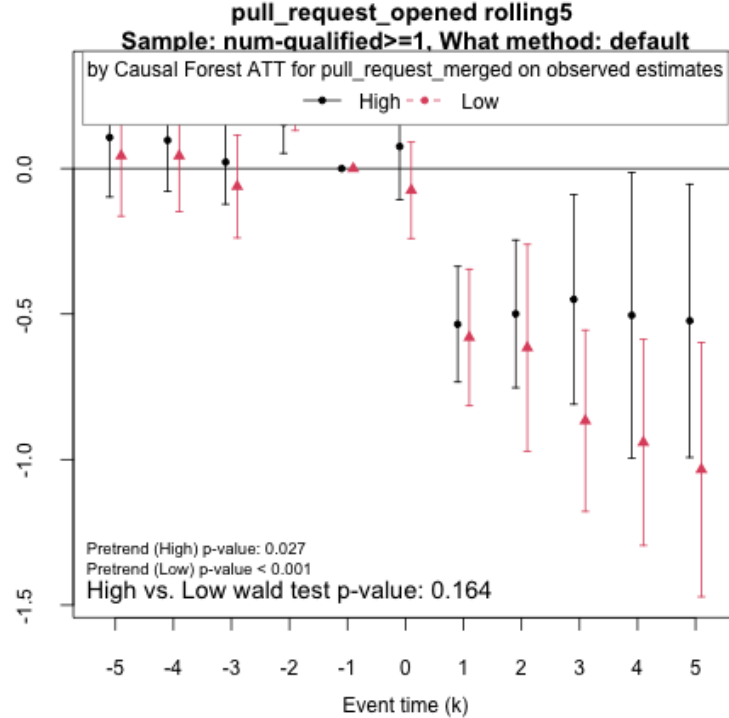

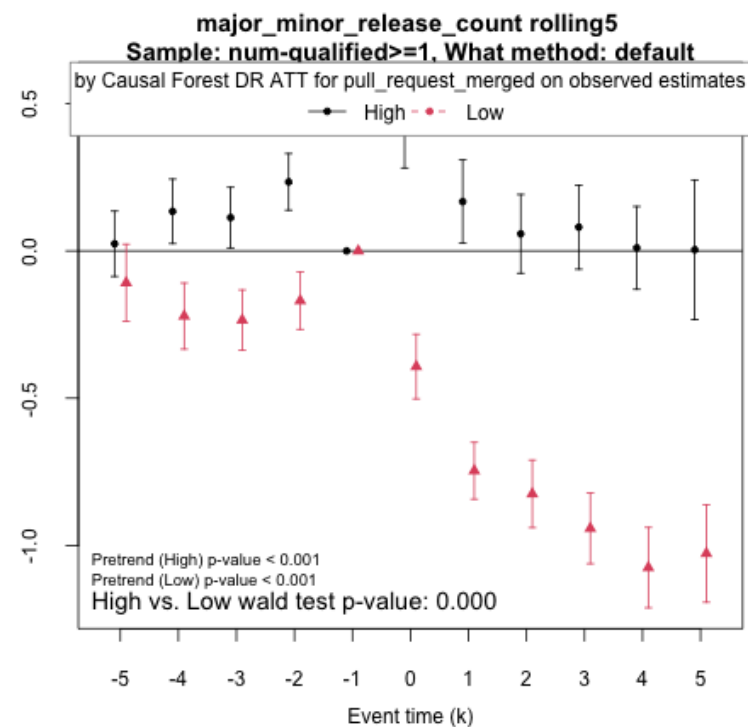

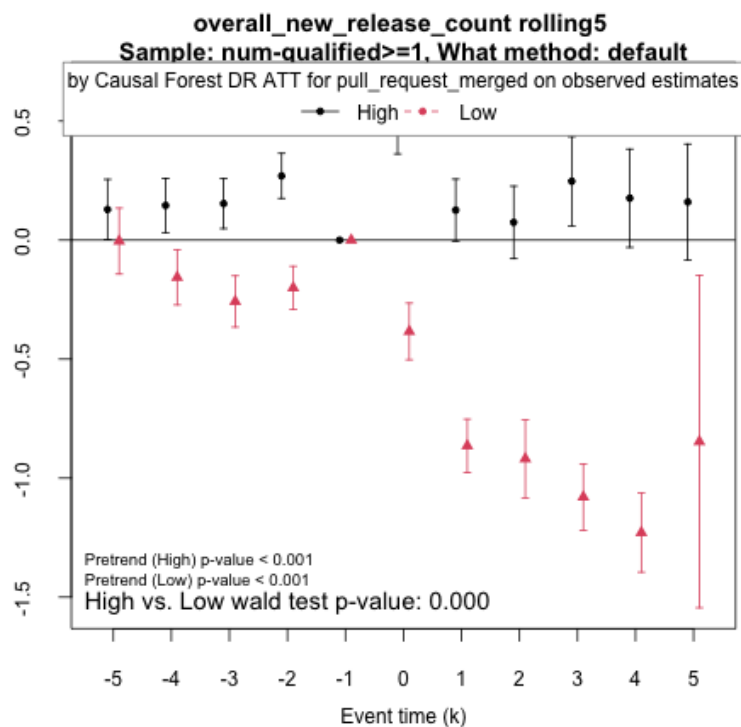

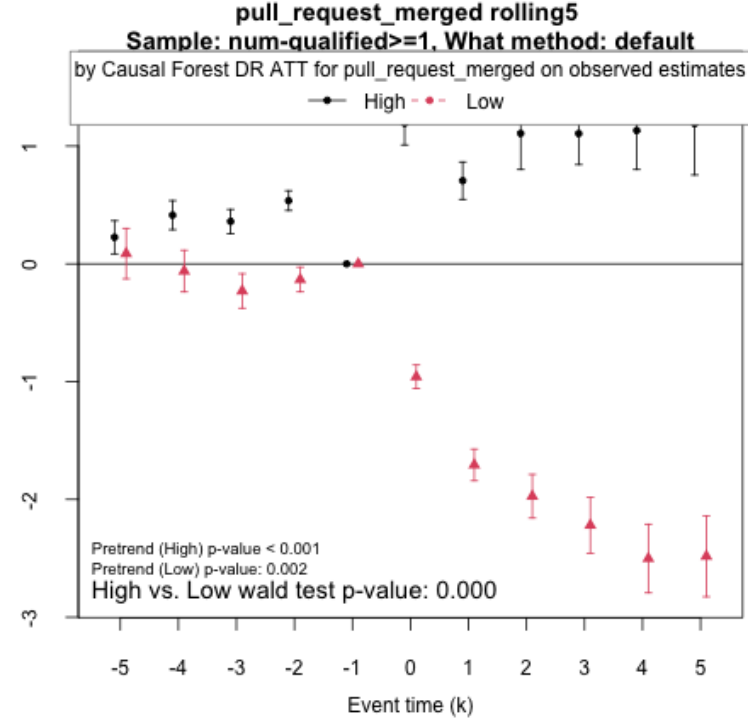

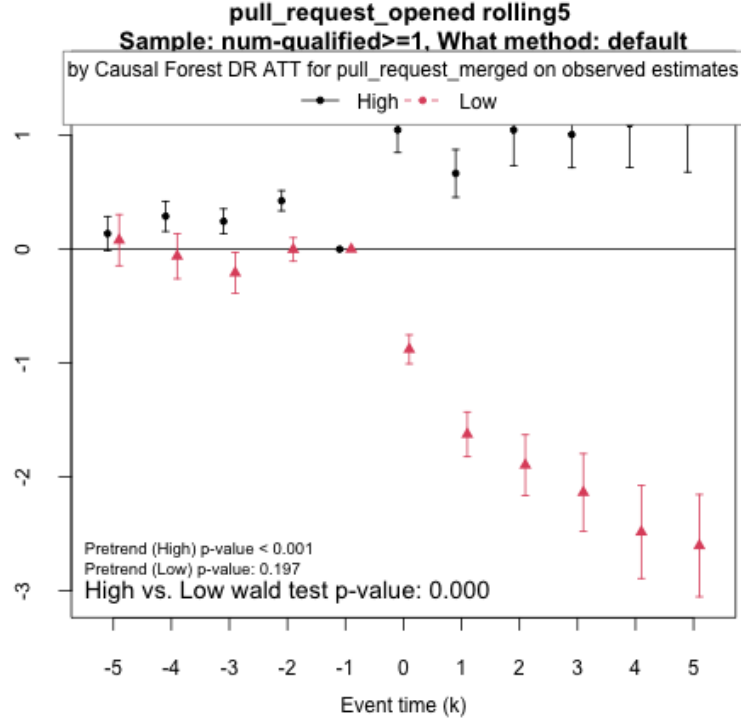

**major\_minor\_release\_count rolling5**  
**Sample: all obs. What method: all treated cohorts + exact time match**

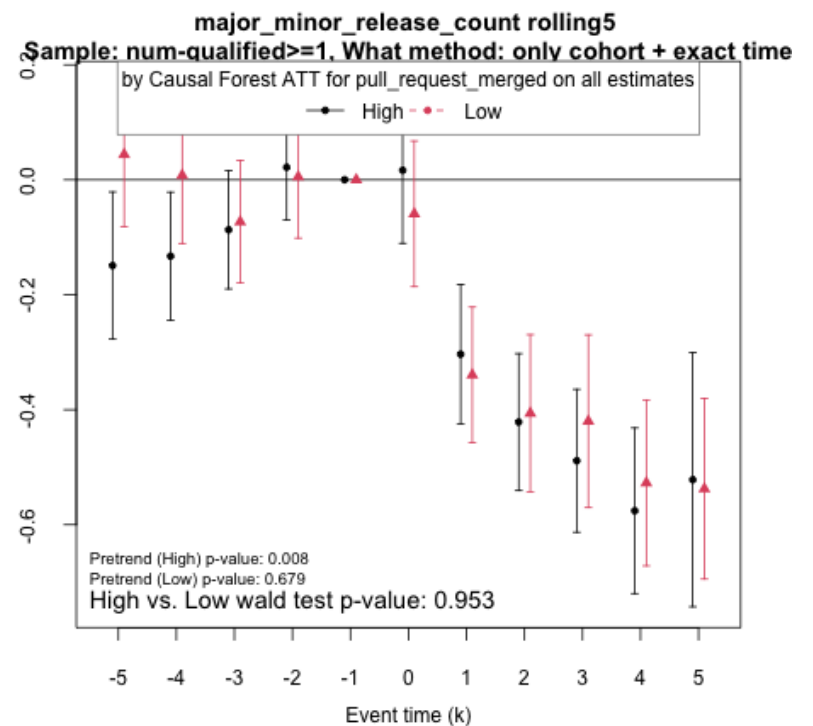

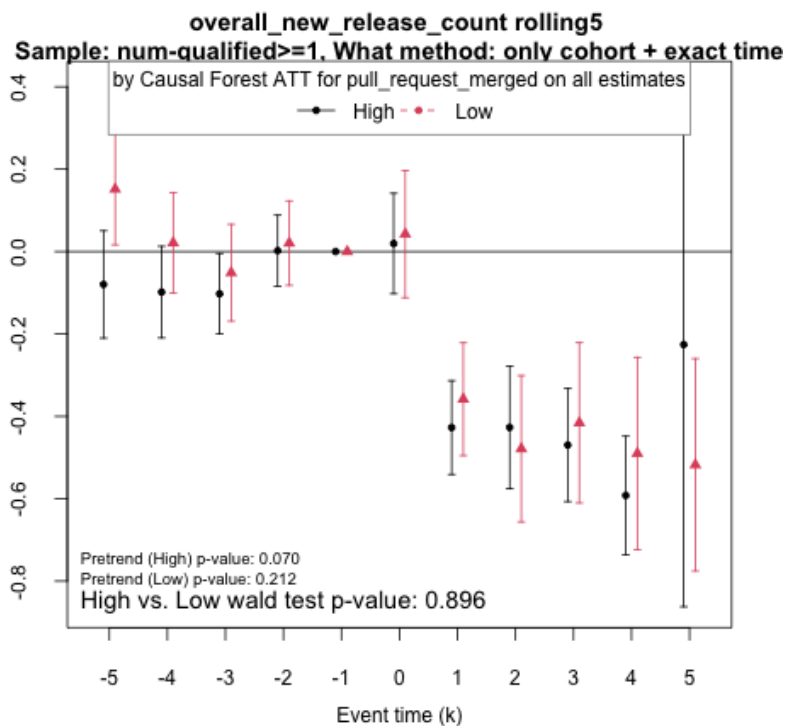

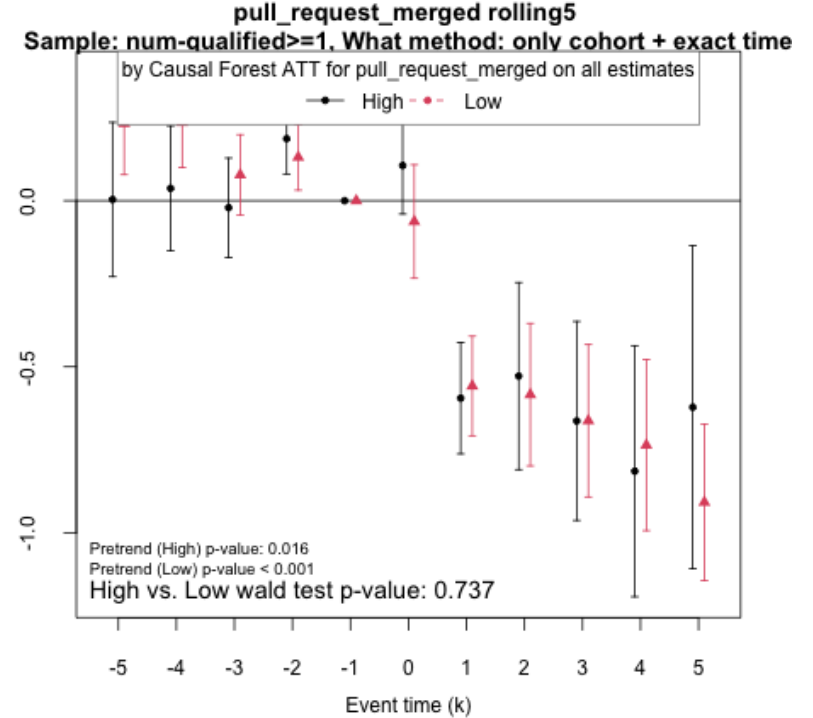

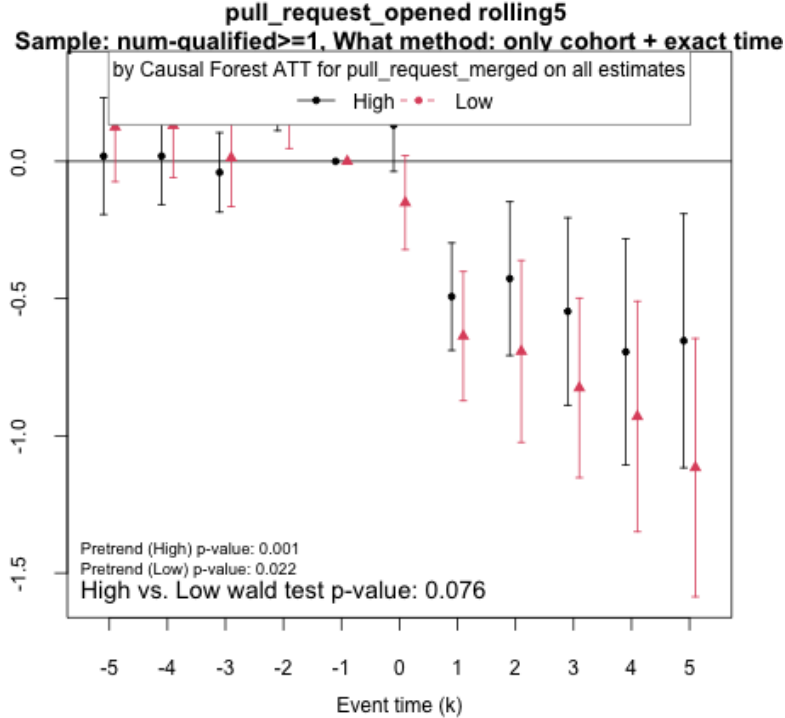

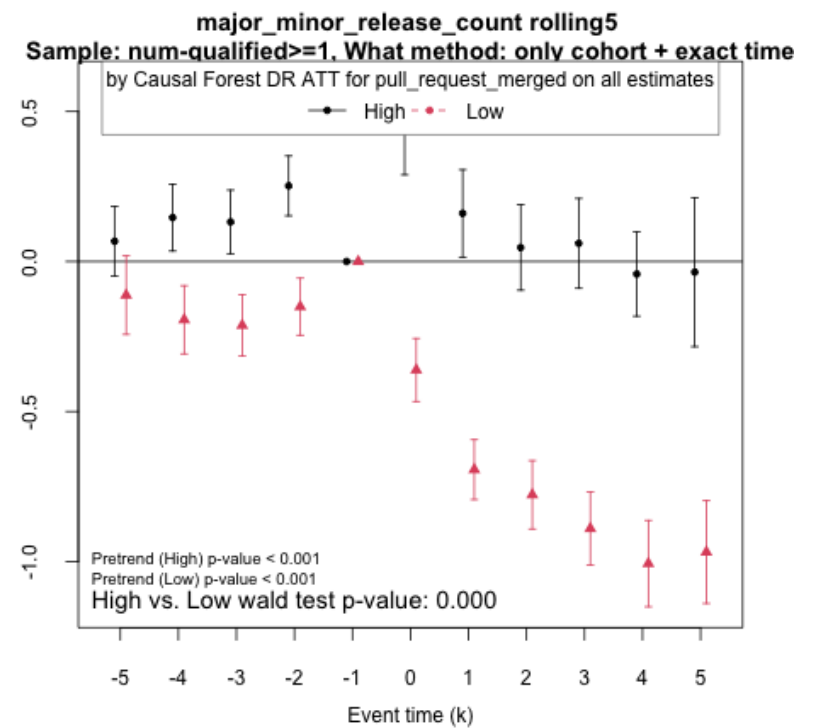

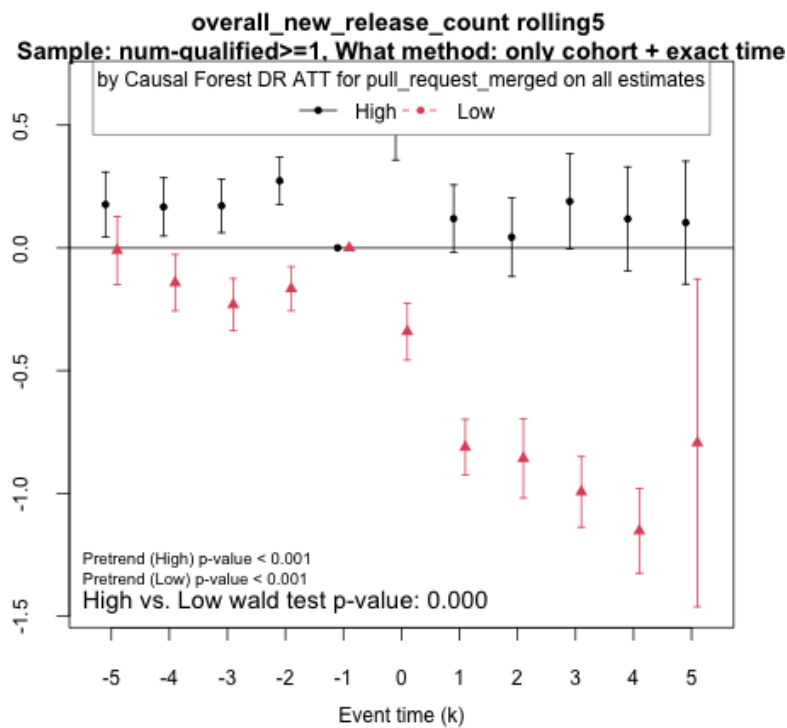

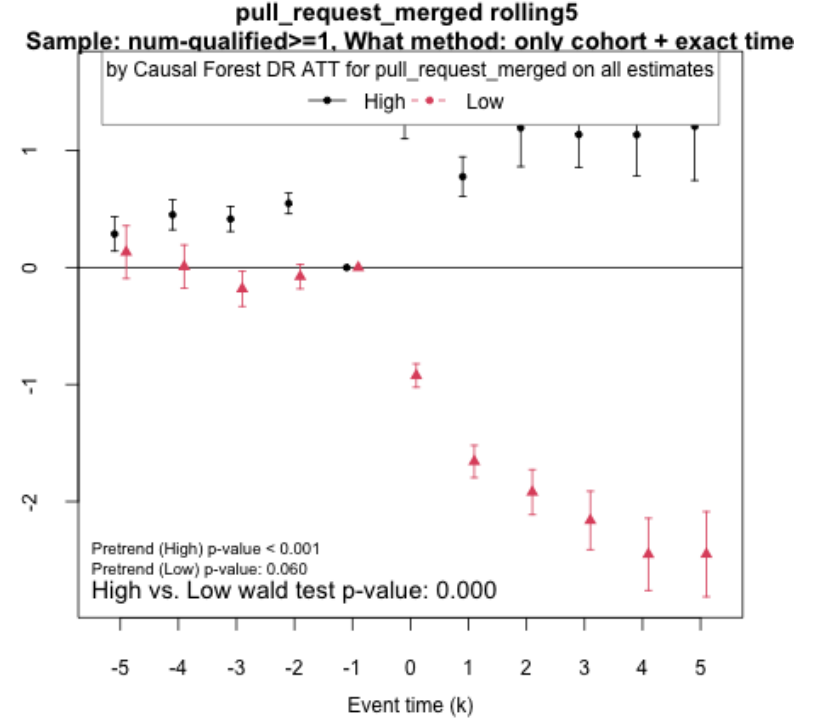

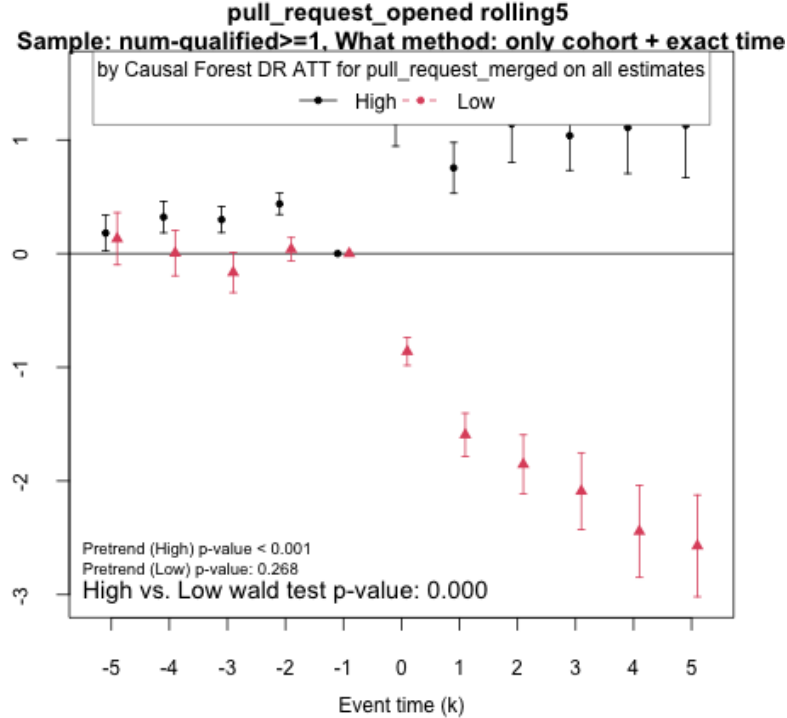

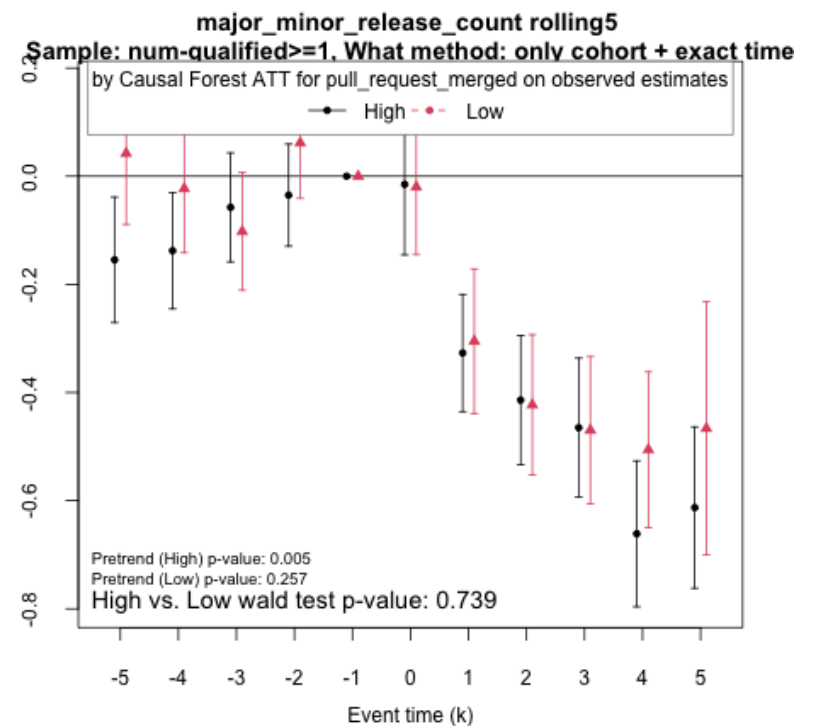

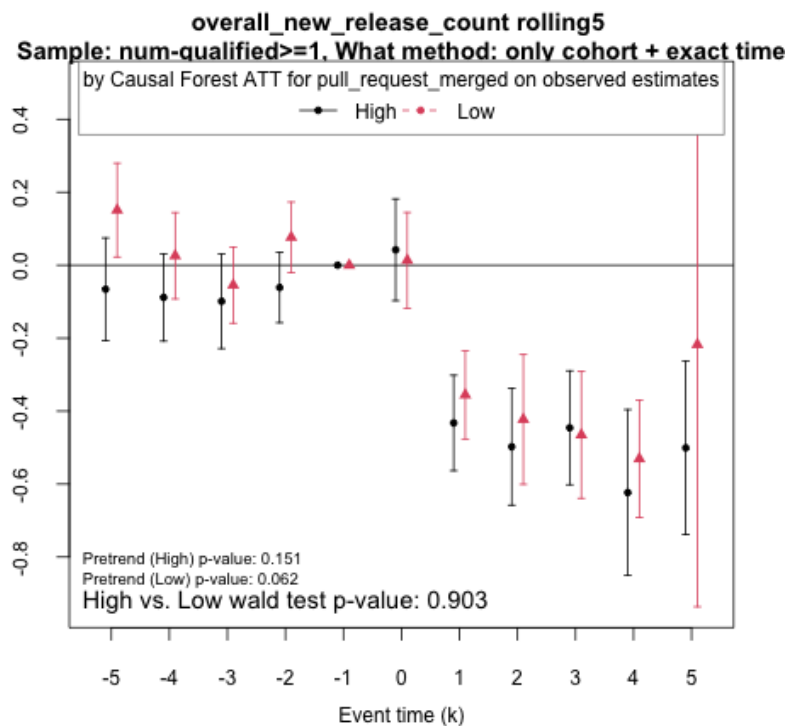

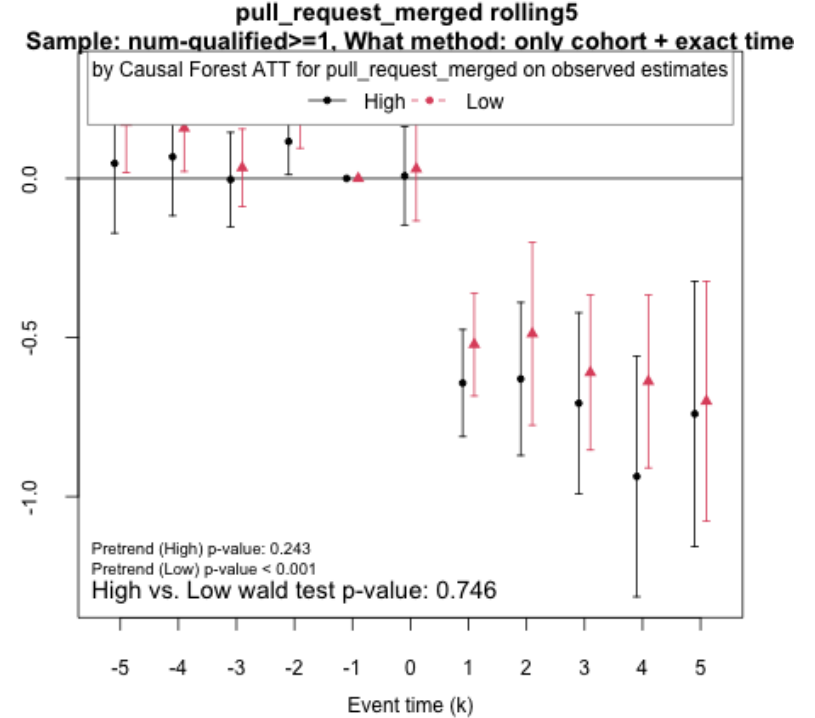

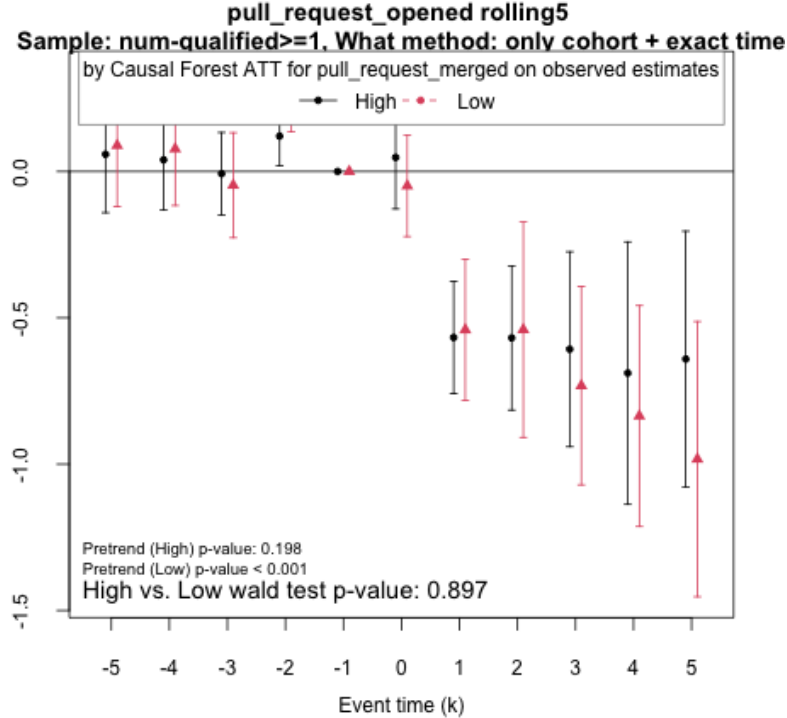

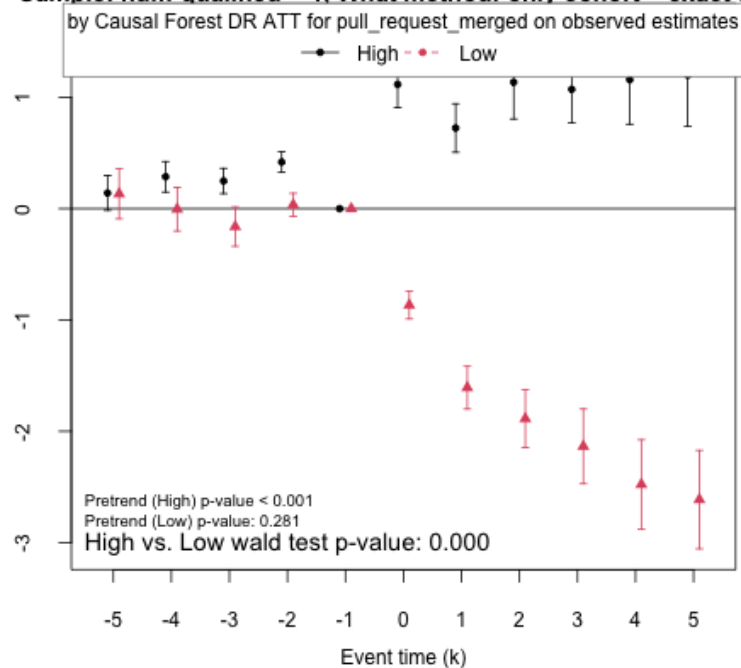

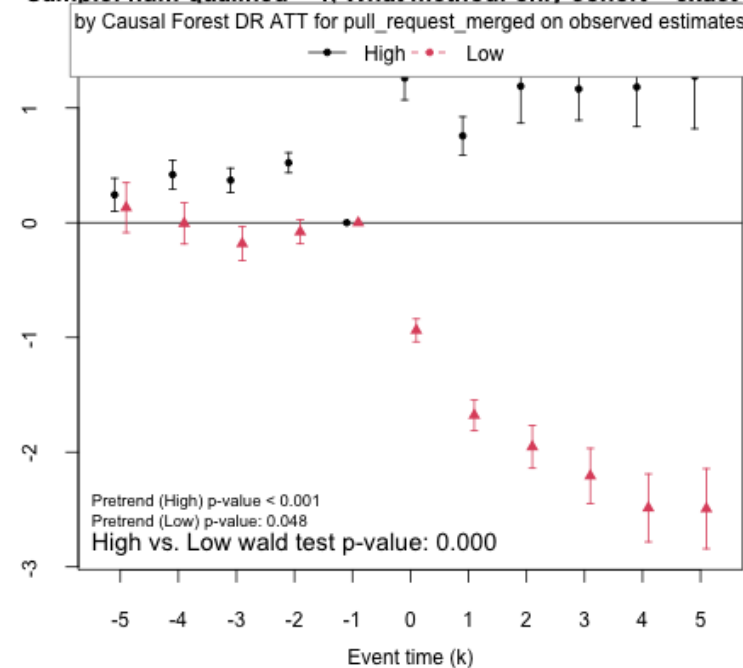

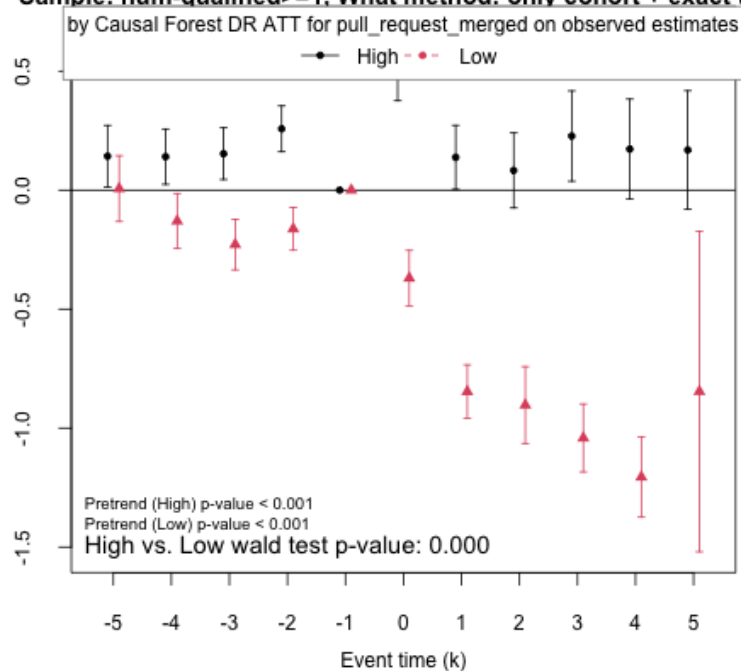

**pull\_request\_opened rolling5**  
**Sample: num-qualified>=1. What method: only cohort + exact time**

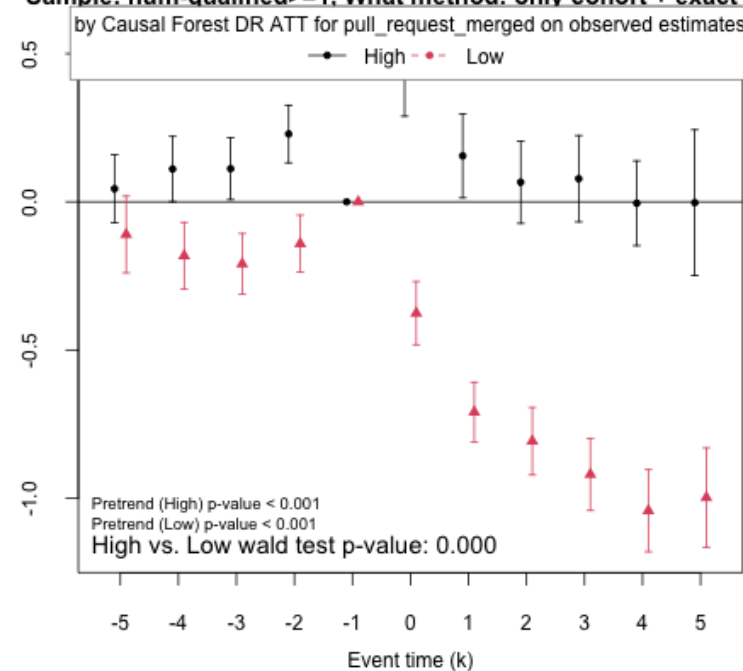

**pull\_request\_merged rolling5**  
**Sample: num-qualified>=1. What method: only cohort + exact time**

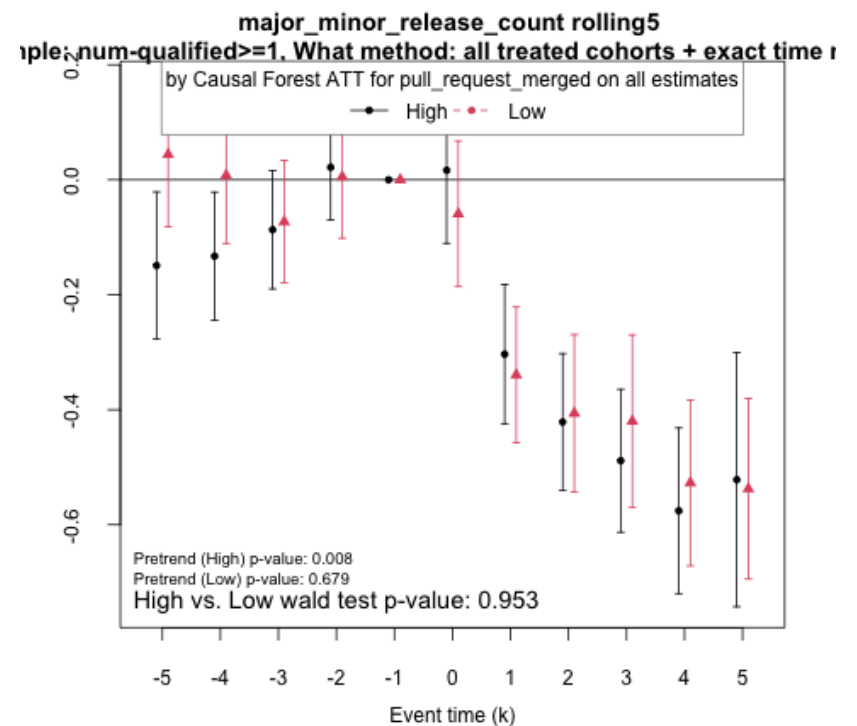

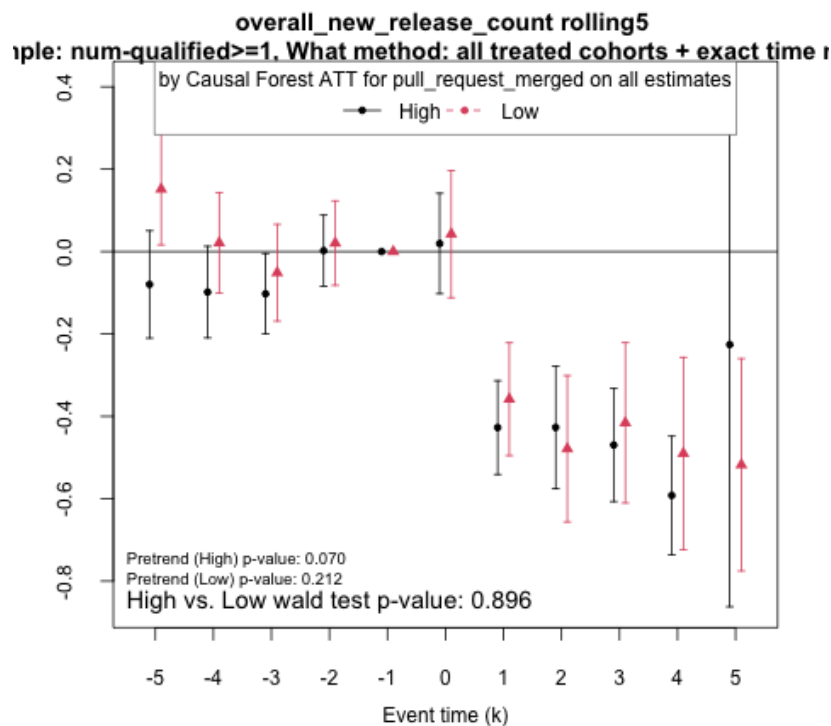

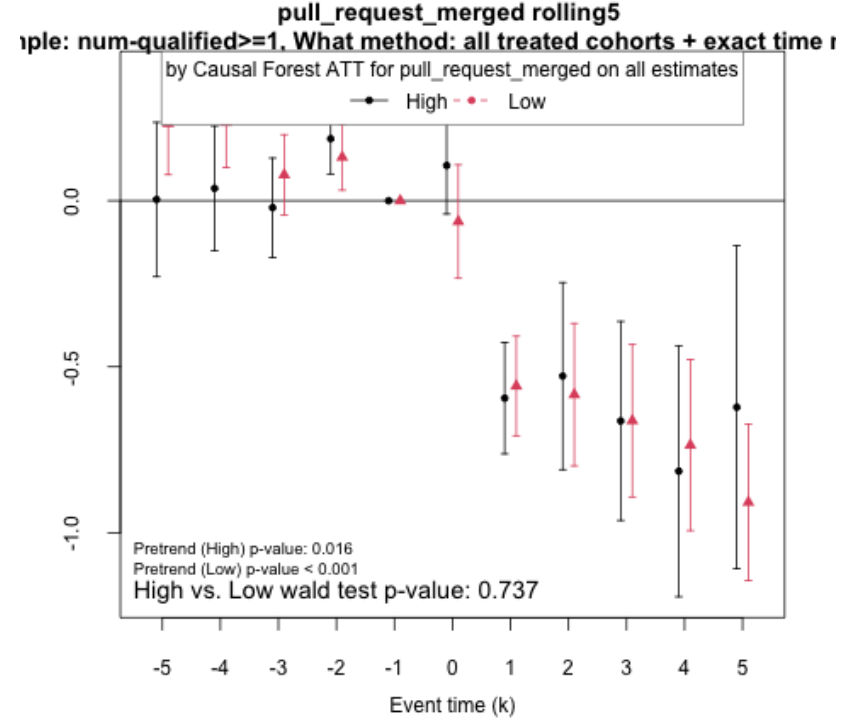

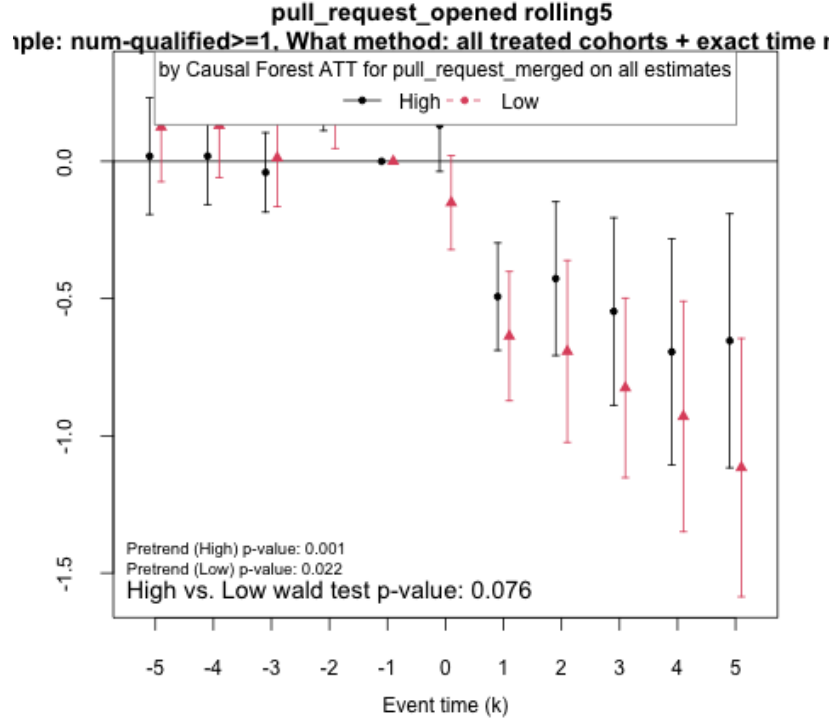

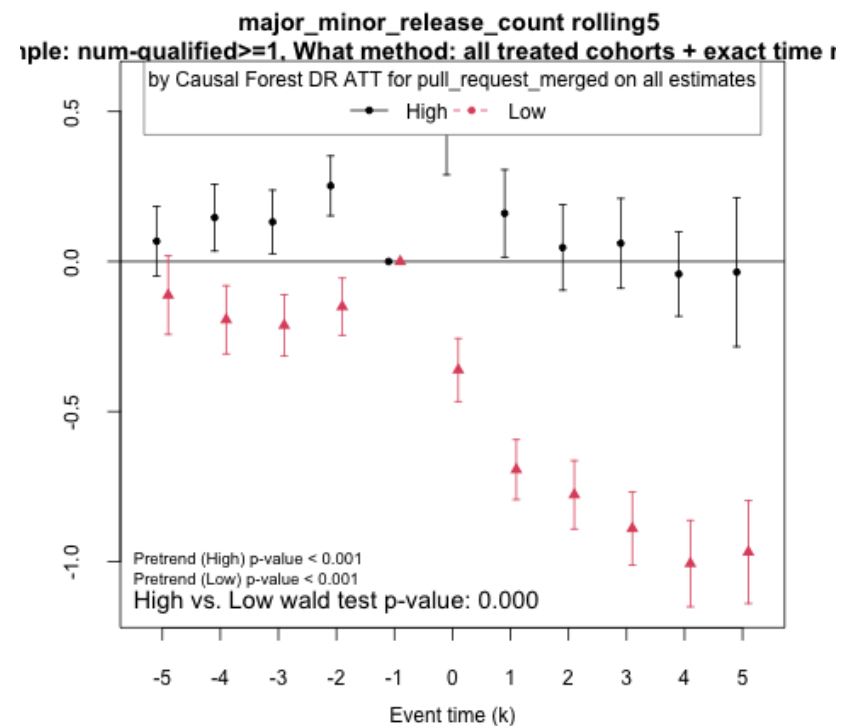

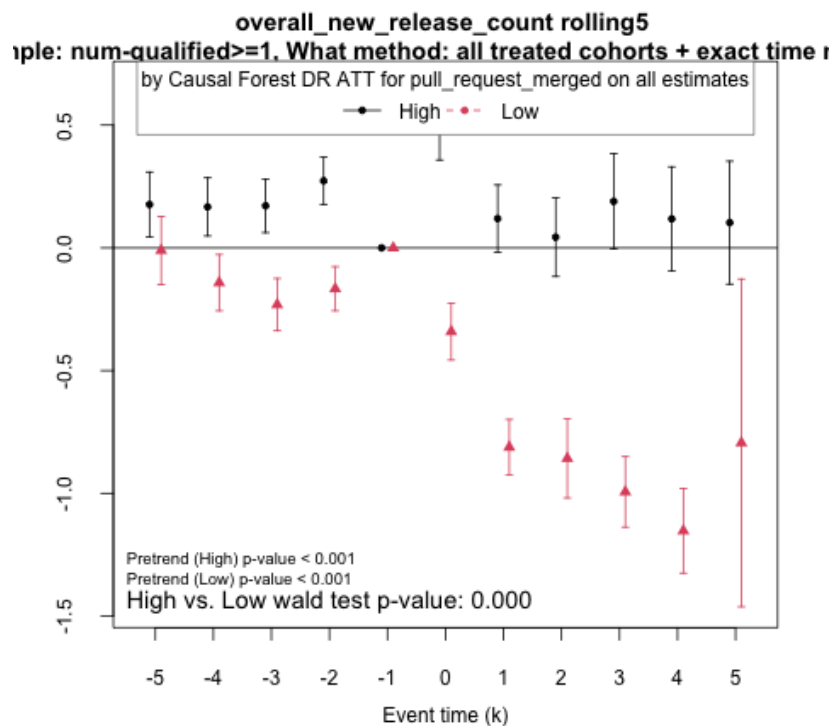

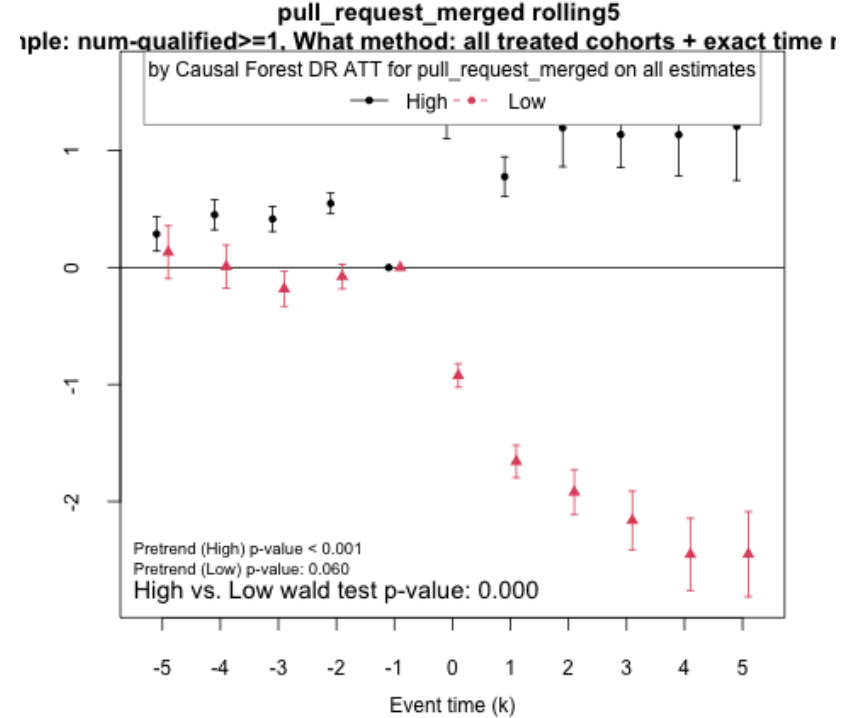

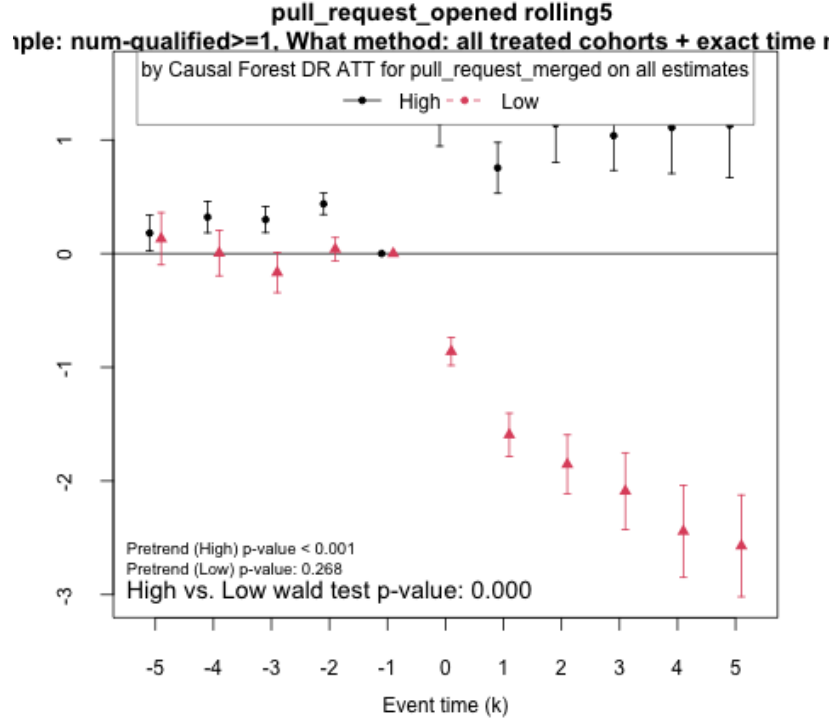

**overall\_new\_release\_count rolling5**  
**Sample: num-qualified>=1. What method: only cohort + exact time**

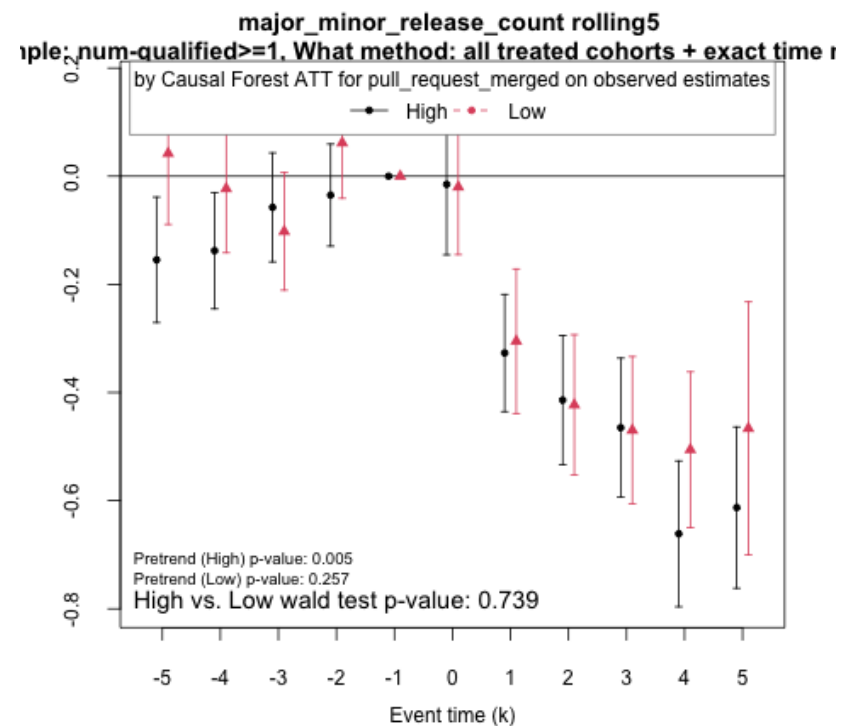

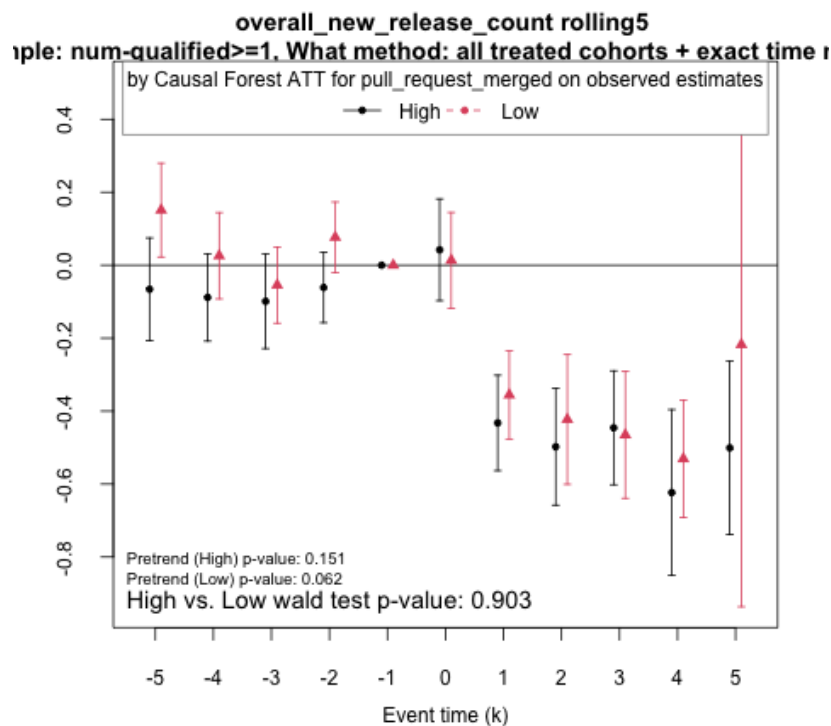

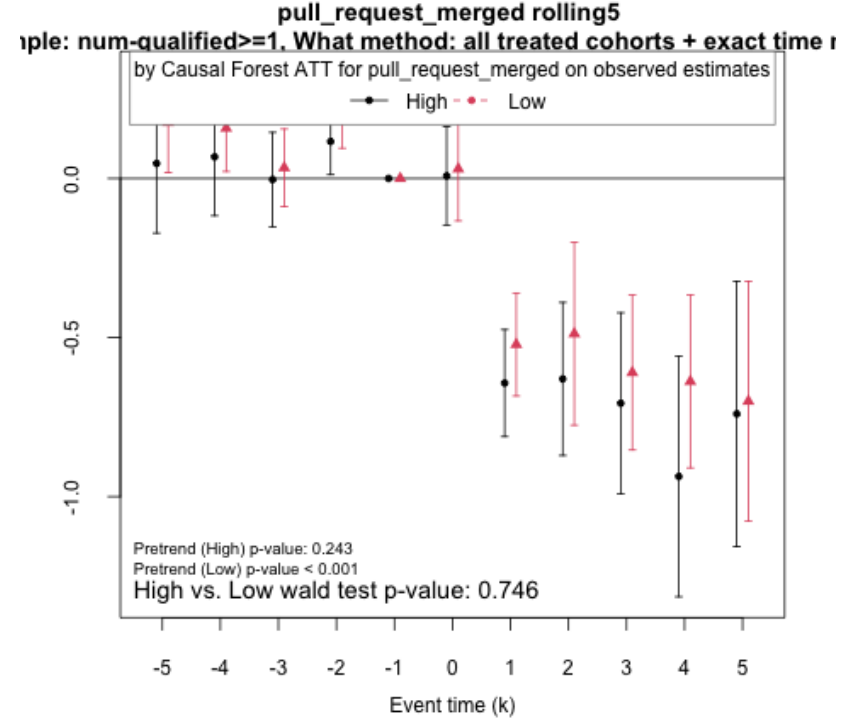

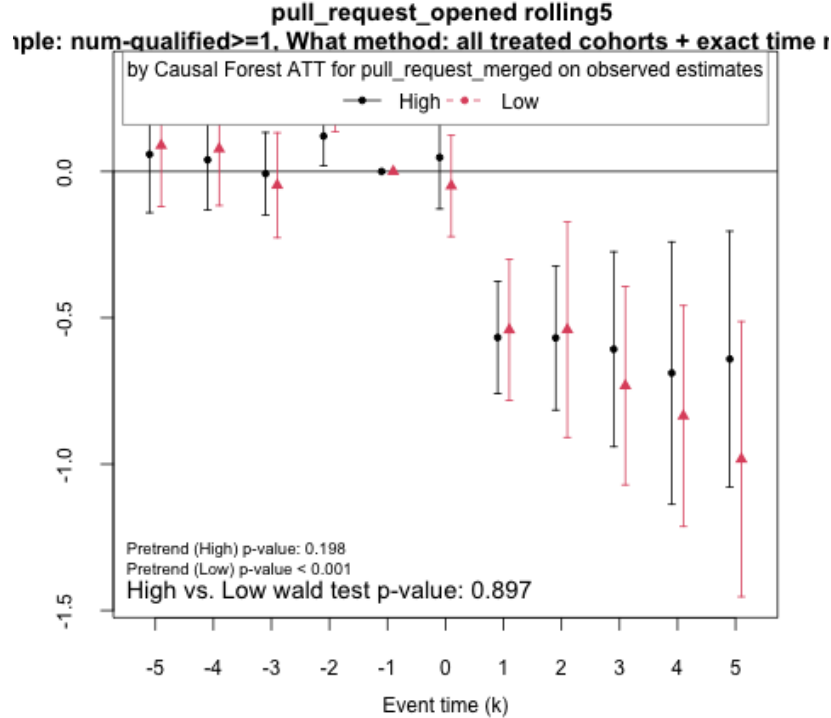

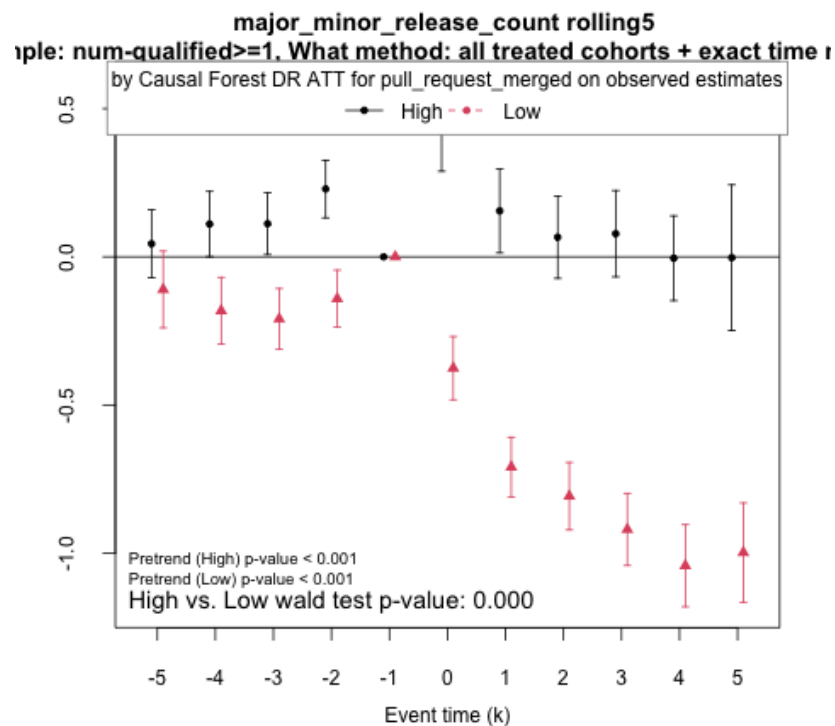

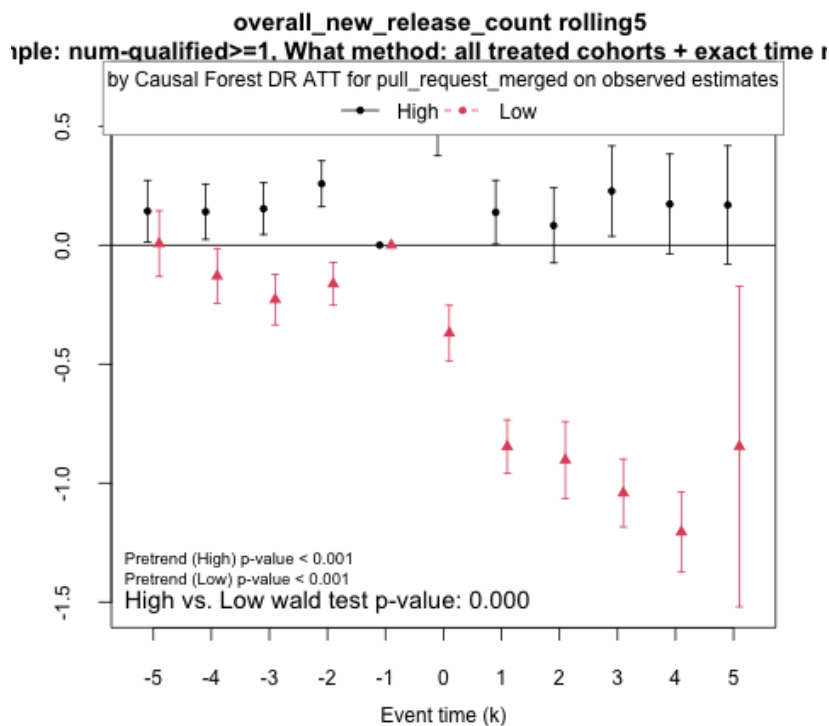

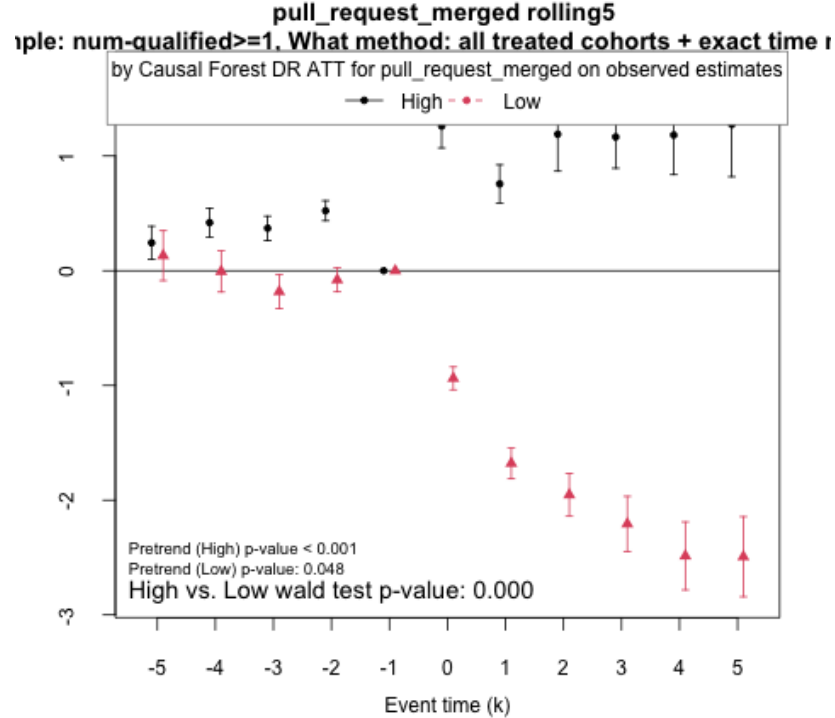

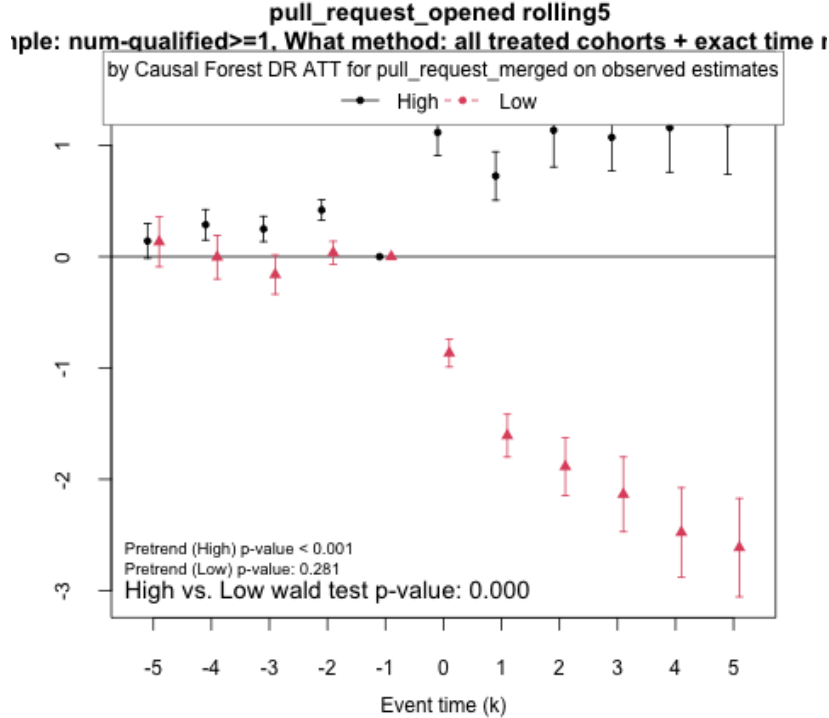

**major\_minor\_release\_count rolling5**  
**Sample: num-qualified>=1. What method: only cohort + exact time**

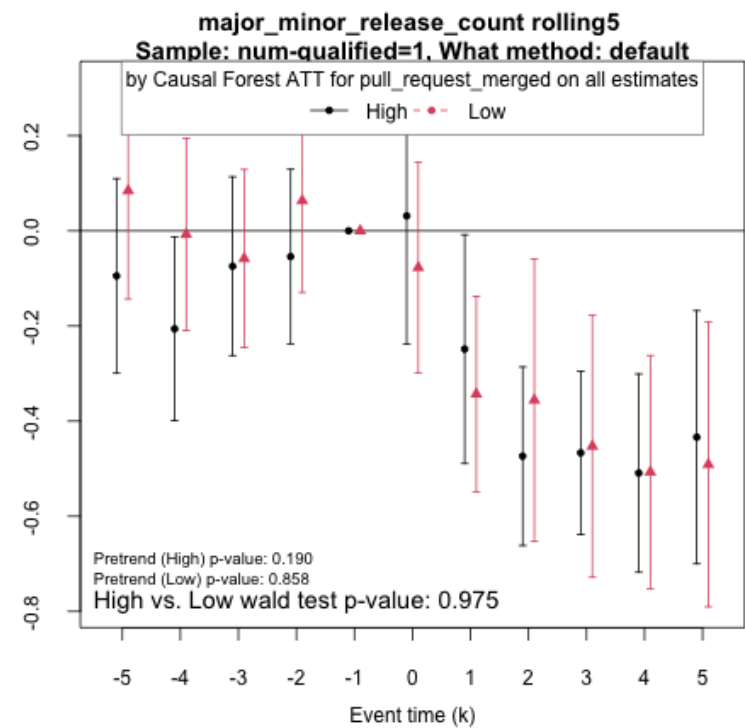

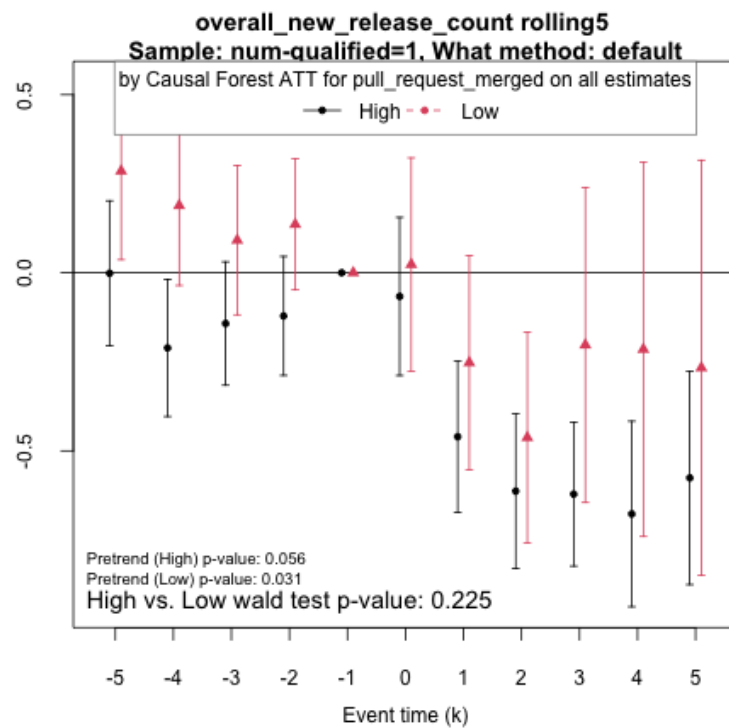

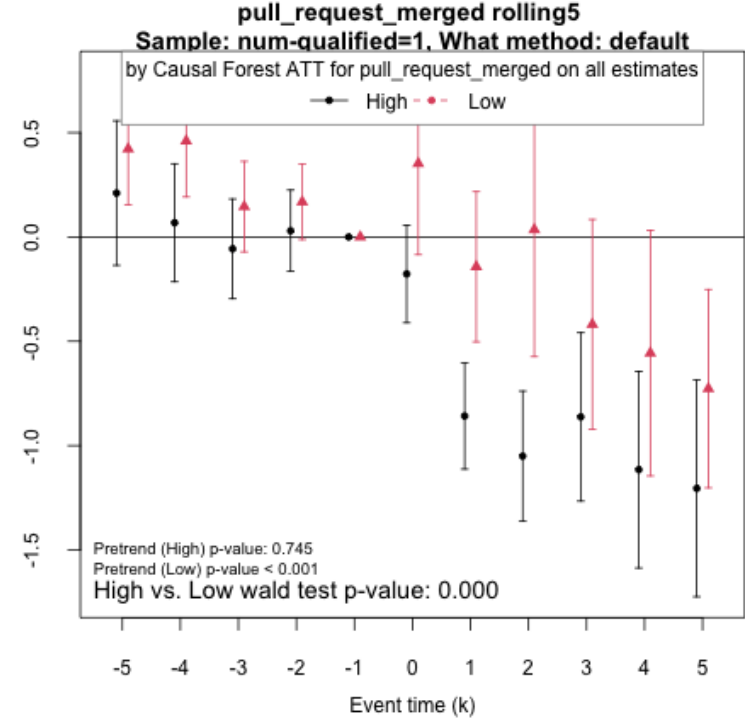

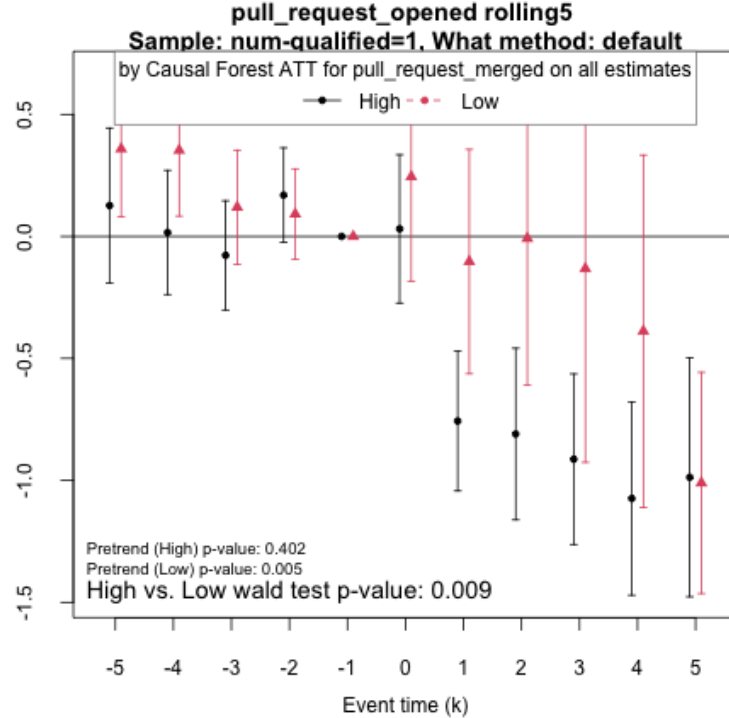

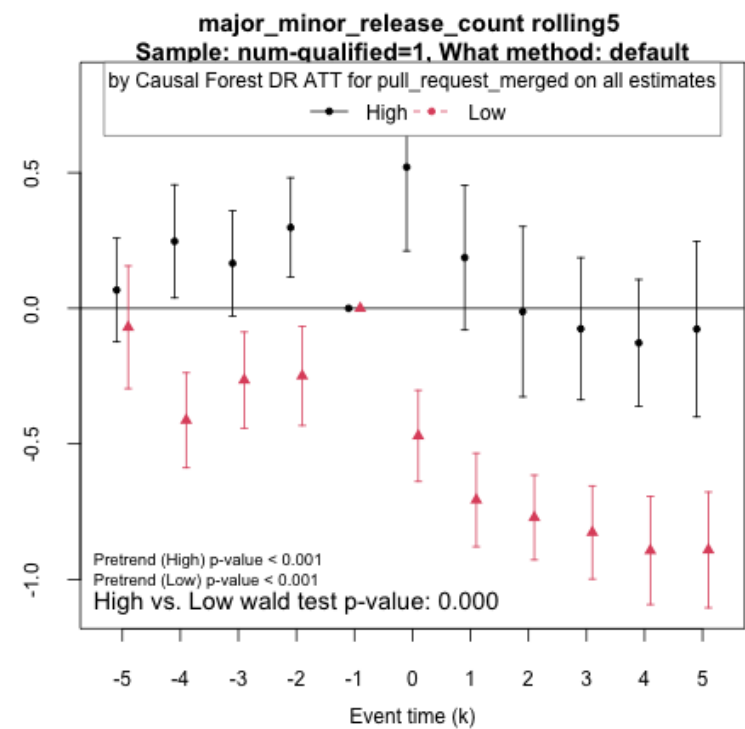

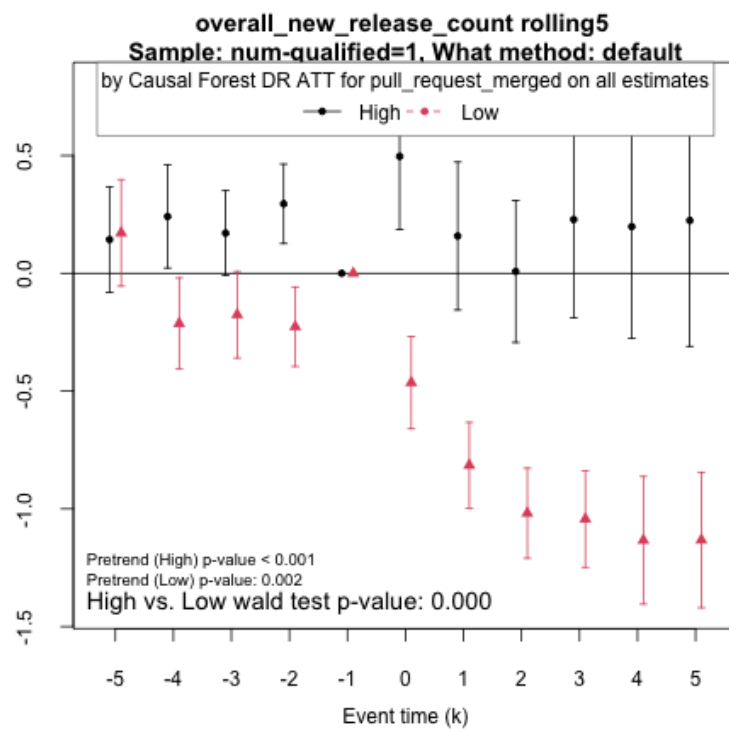

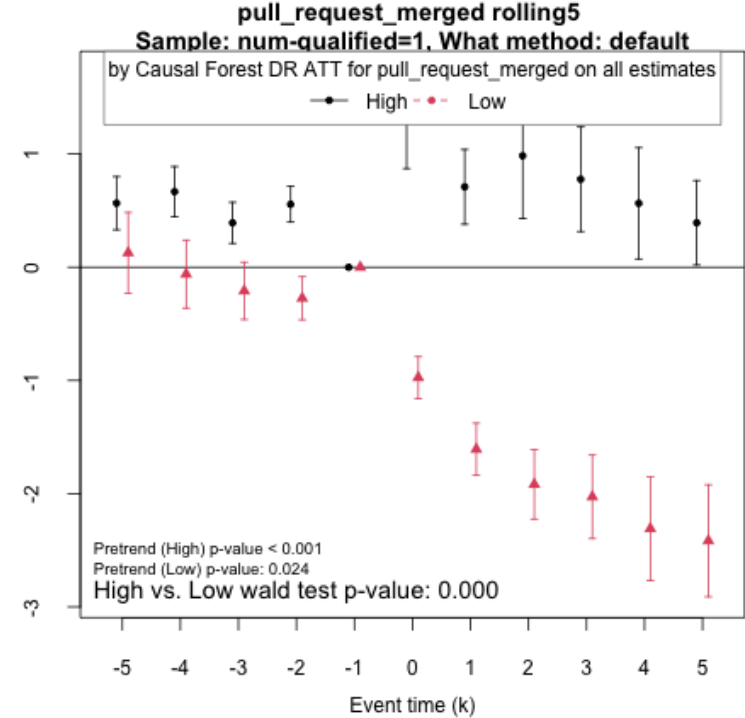

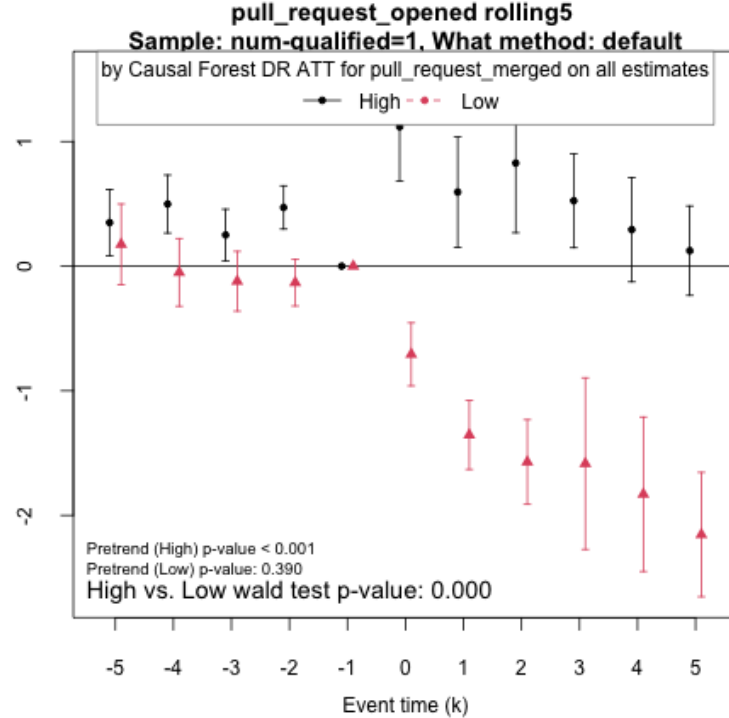

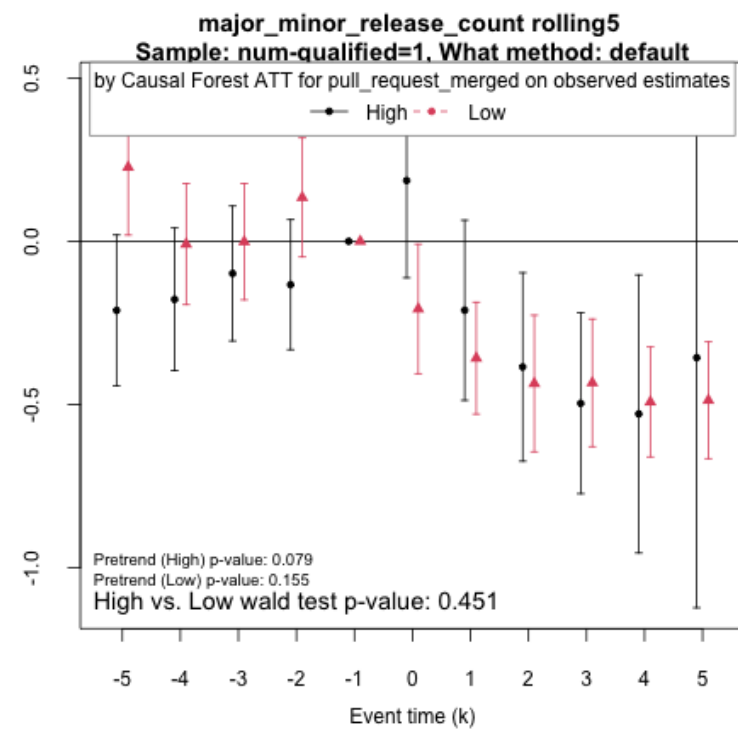

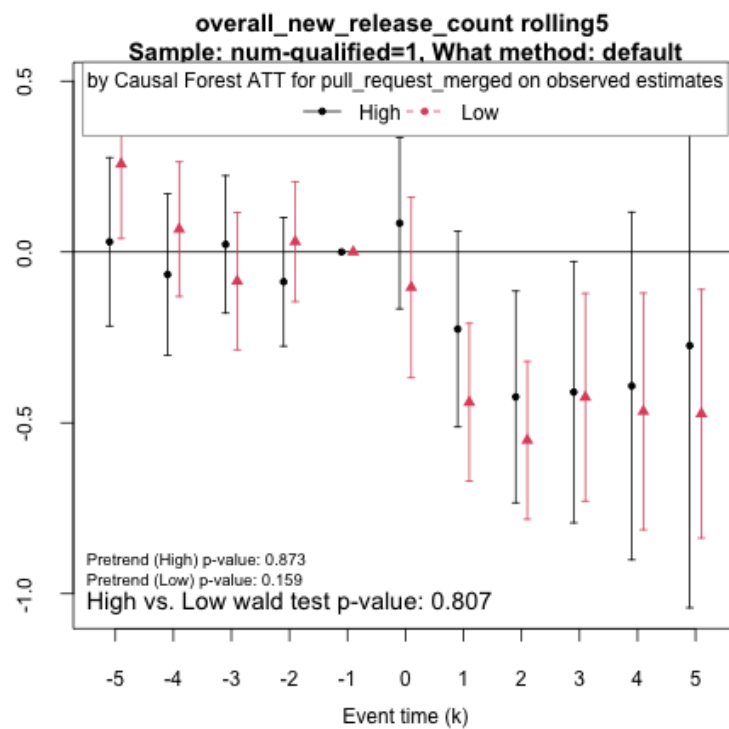

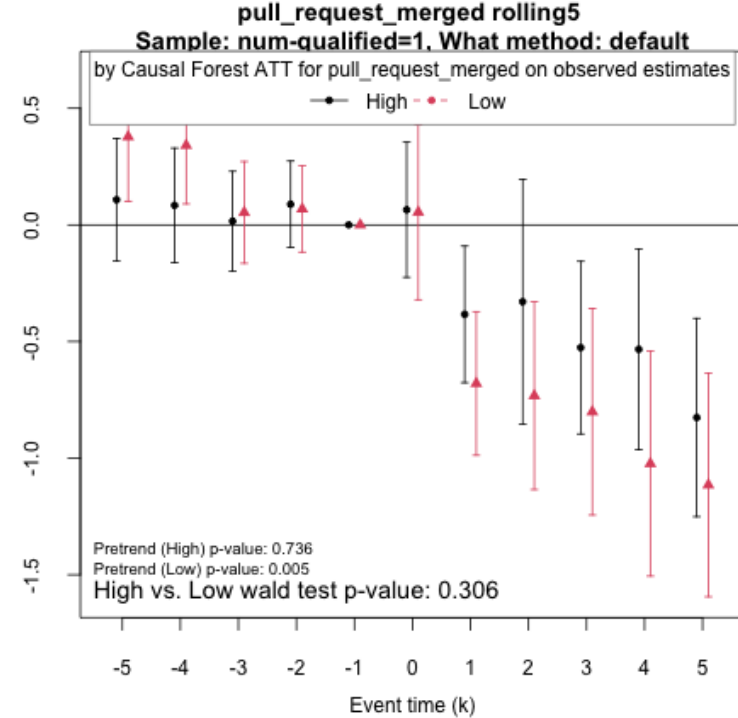

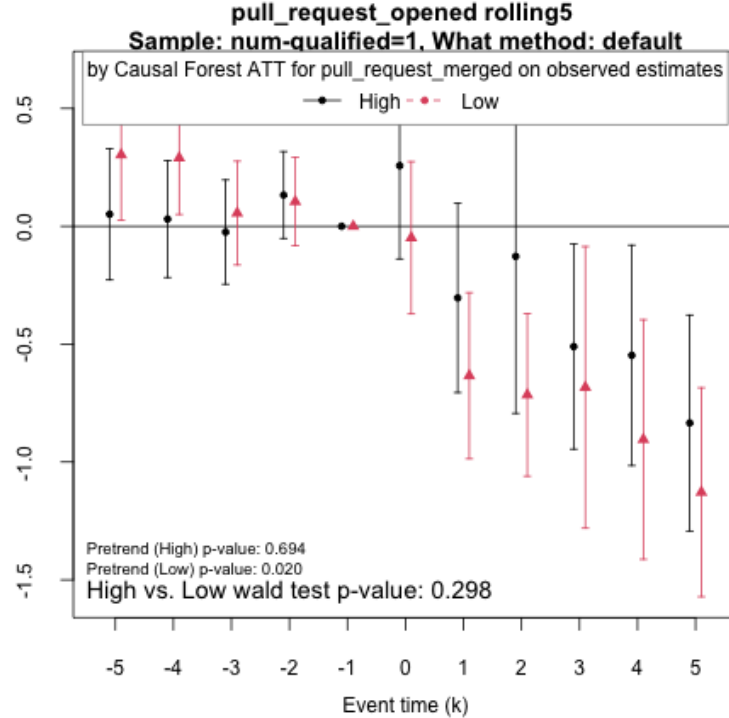

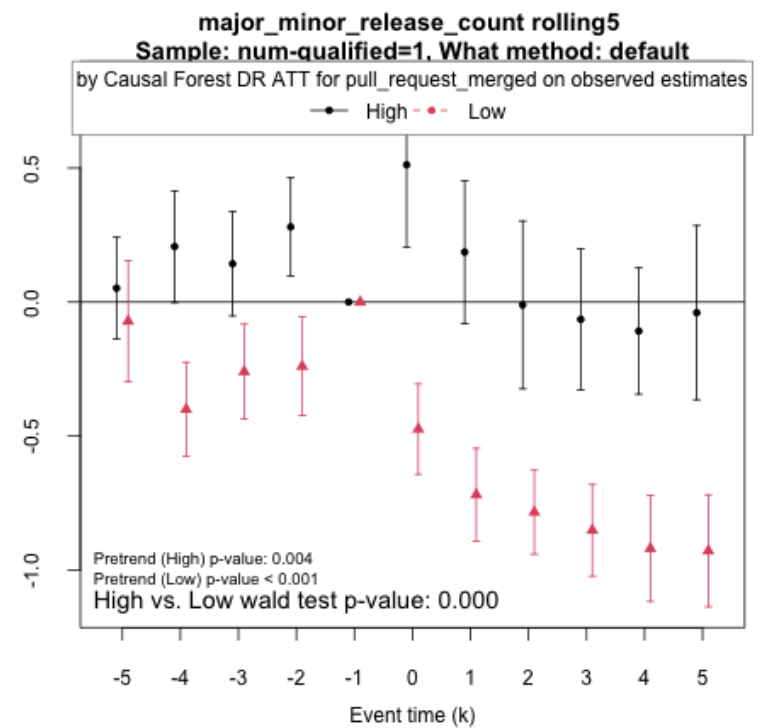

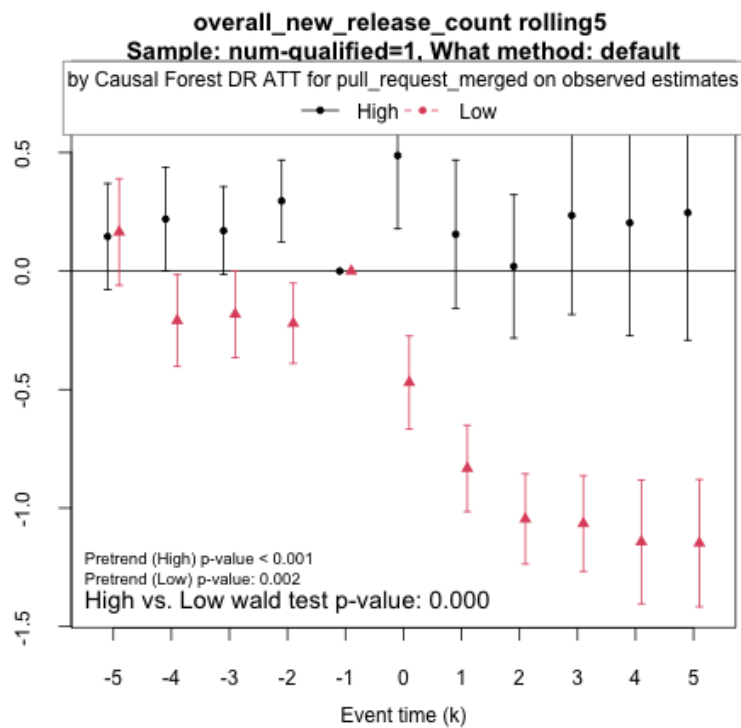

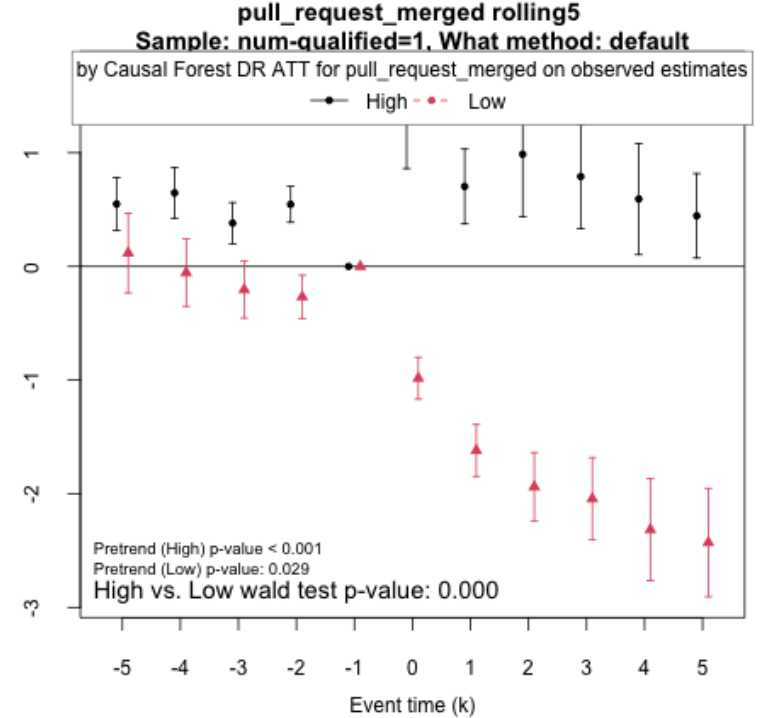

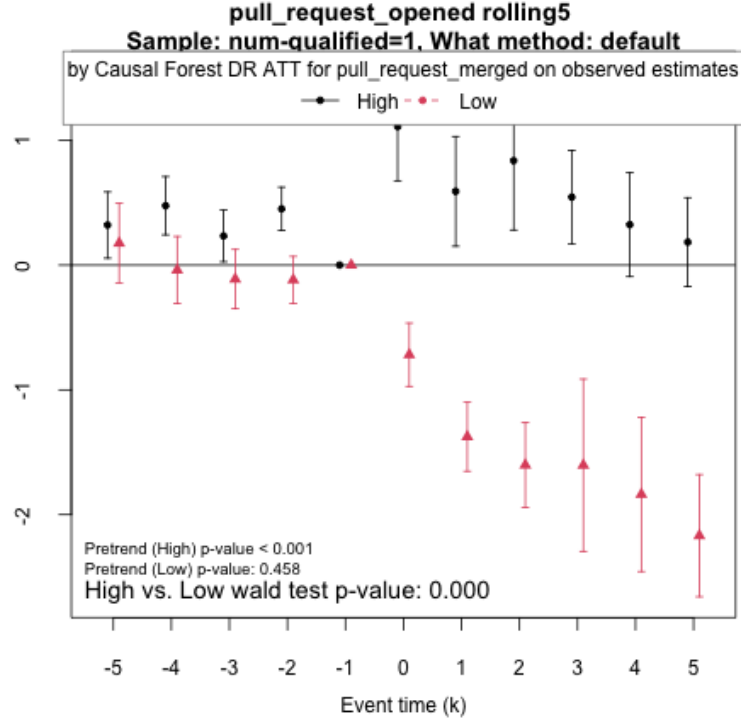

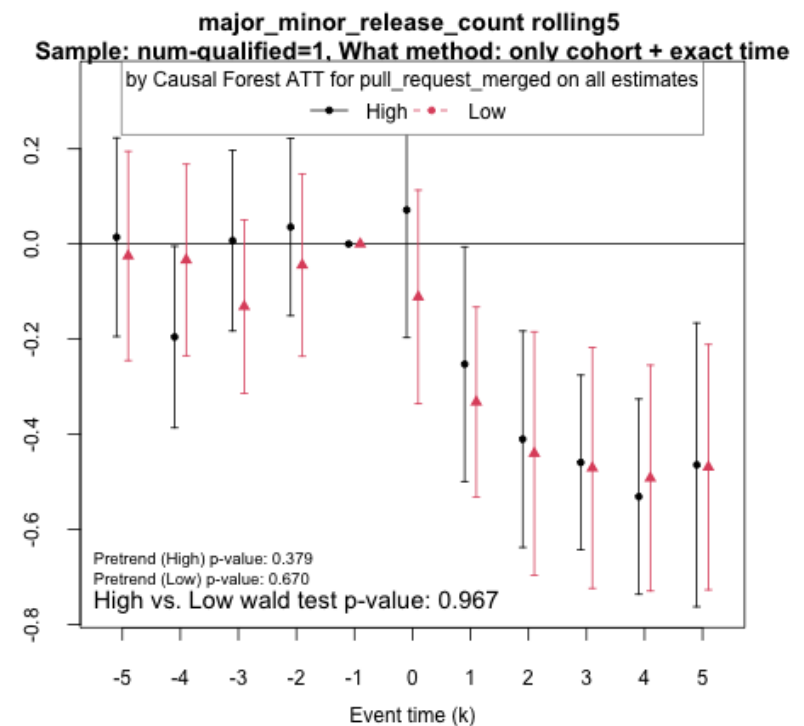

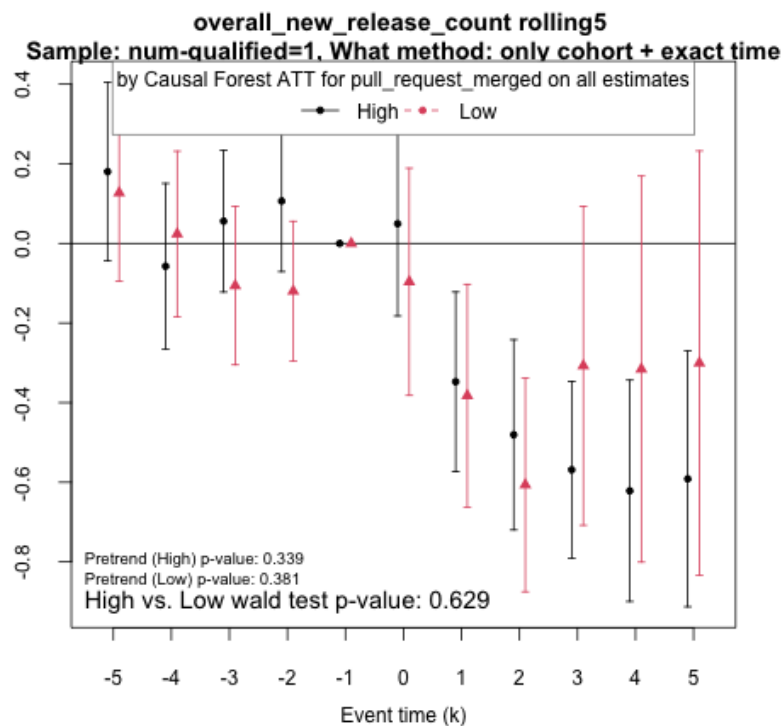

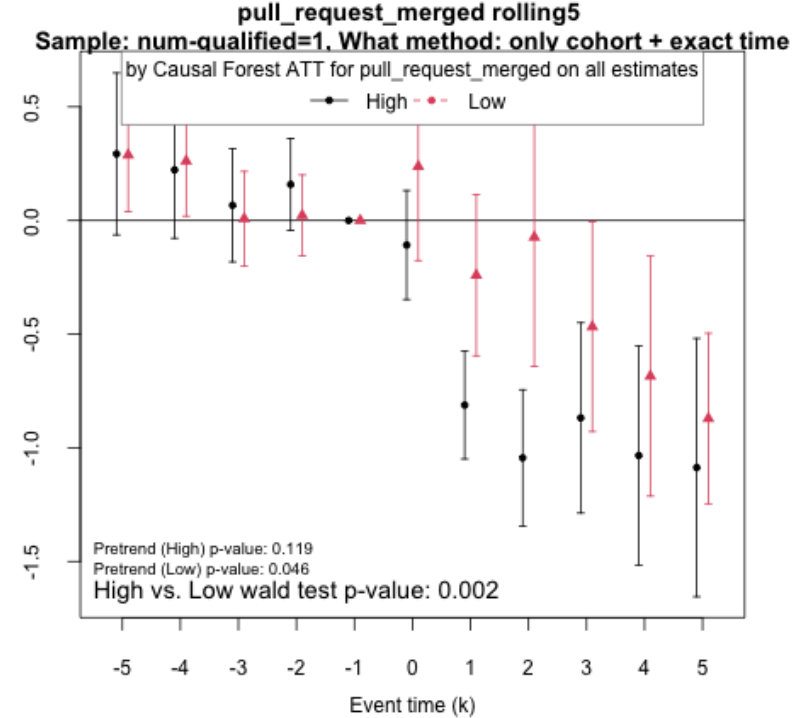

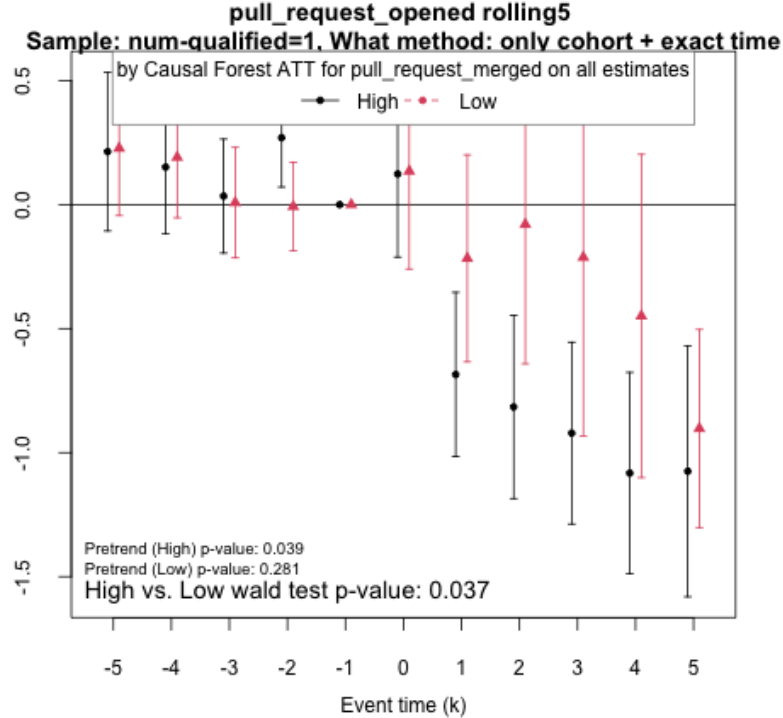

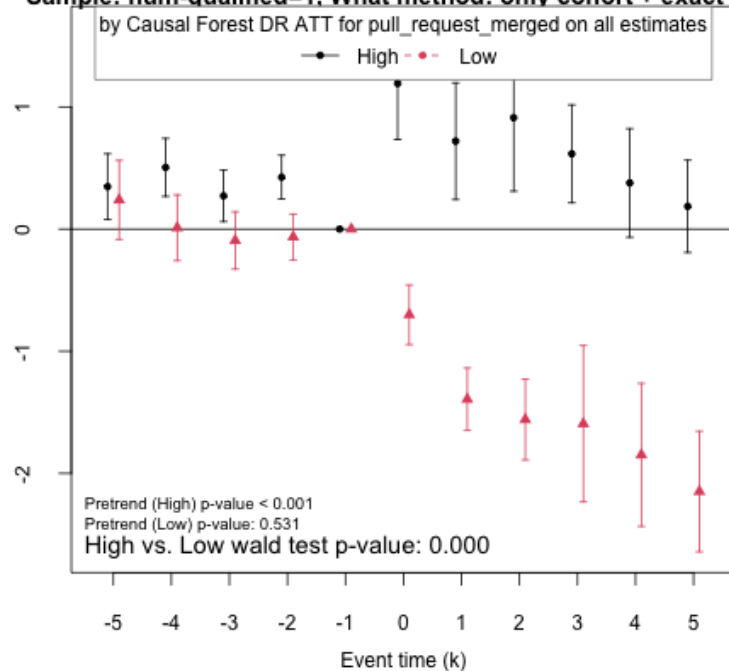

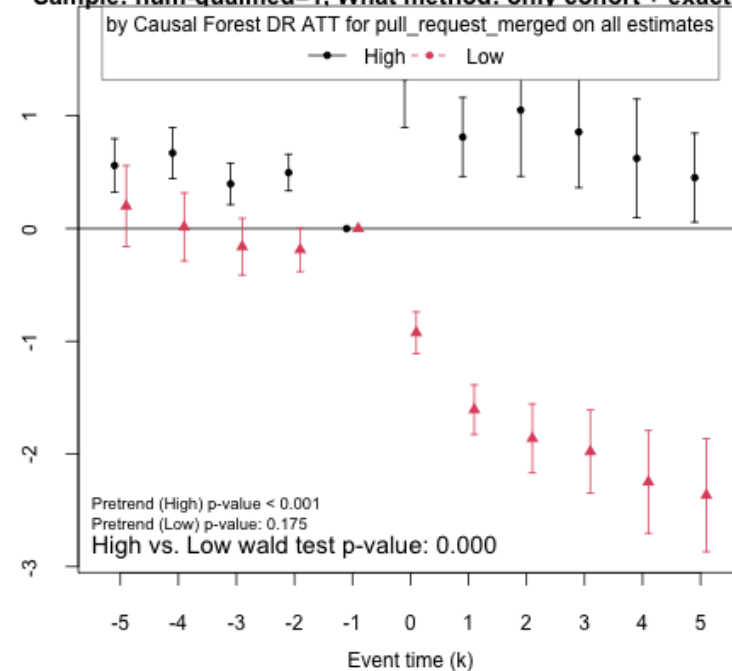

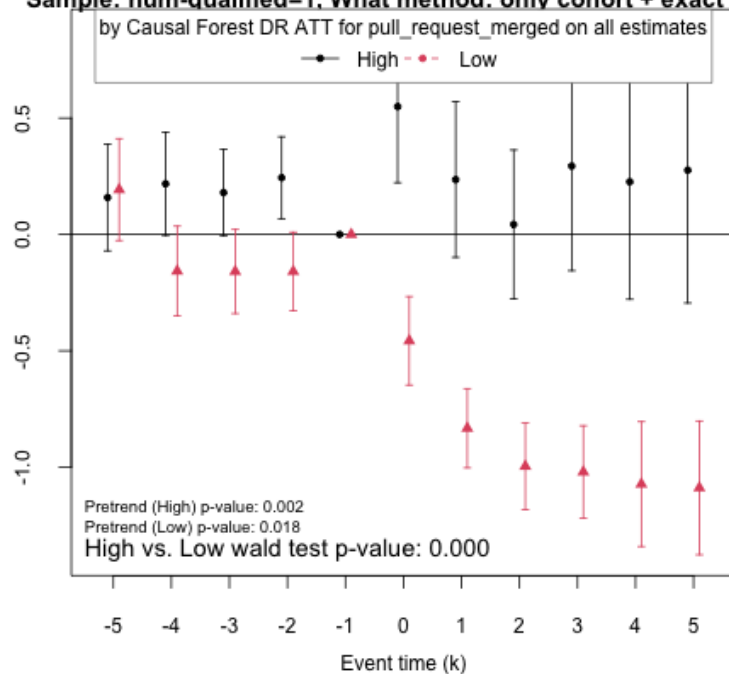

**pull\_request\_opened rolling5**  
Sample: num-qualified=1, What method: only cohort + exact time

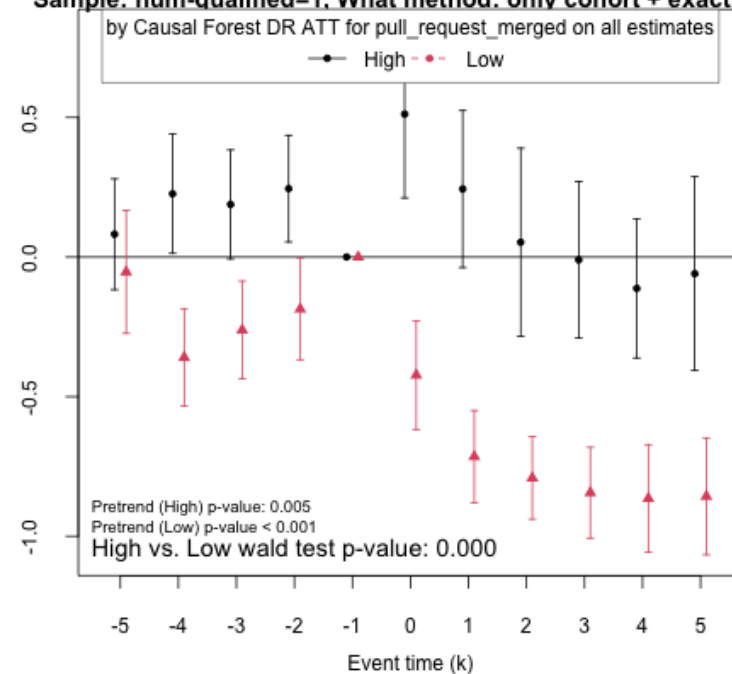

**pull\_request\_merged rolling5**  
Sample: num-qualified=1, What method: only cohort + exact time

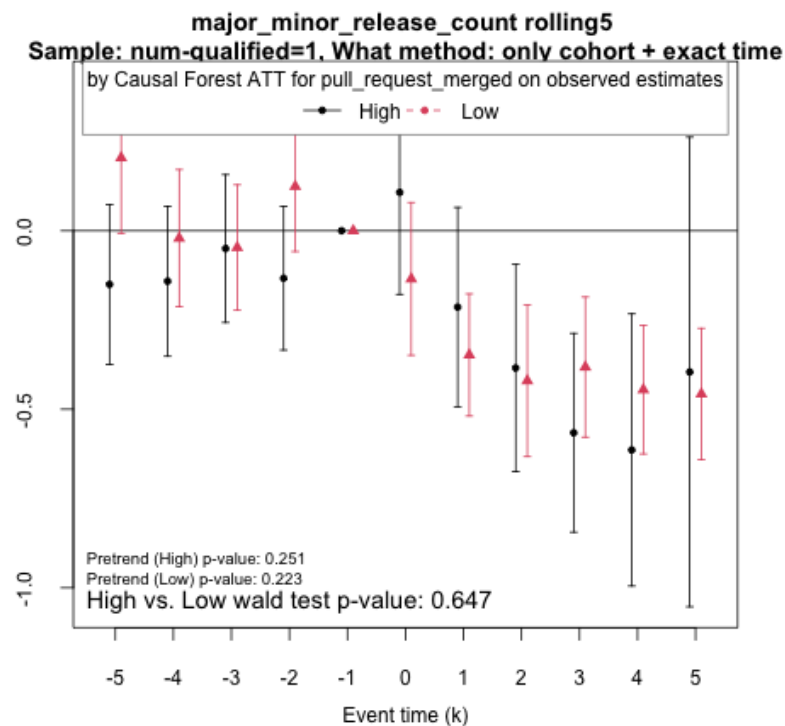

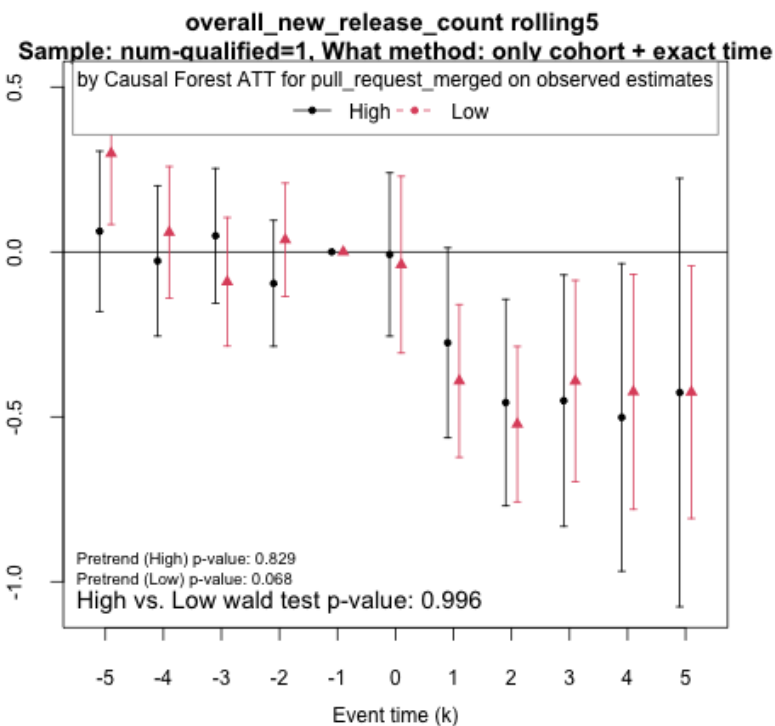

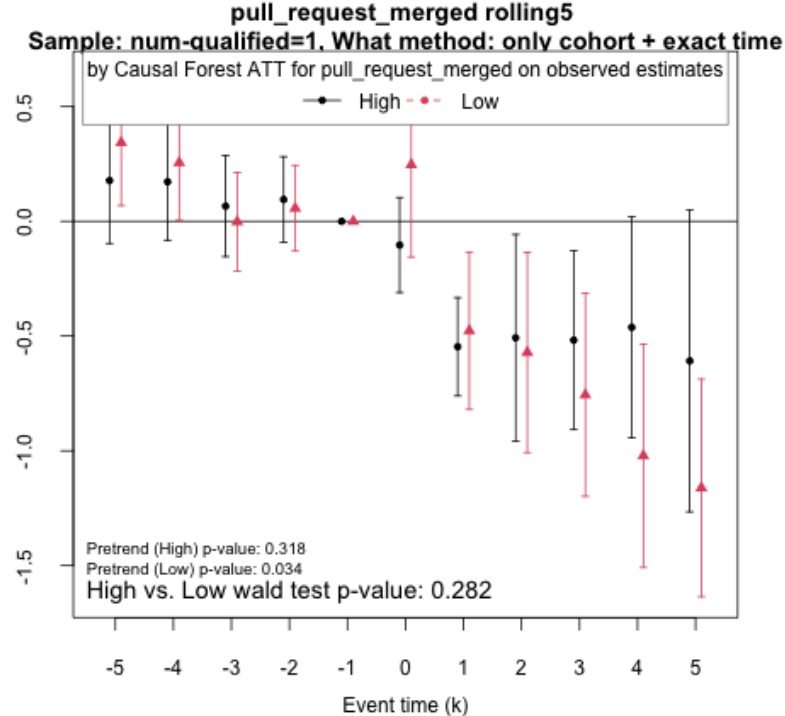

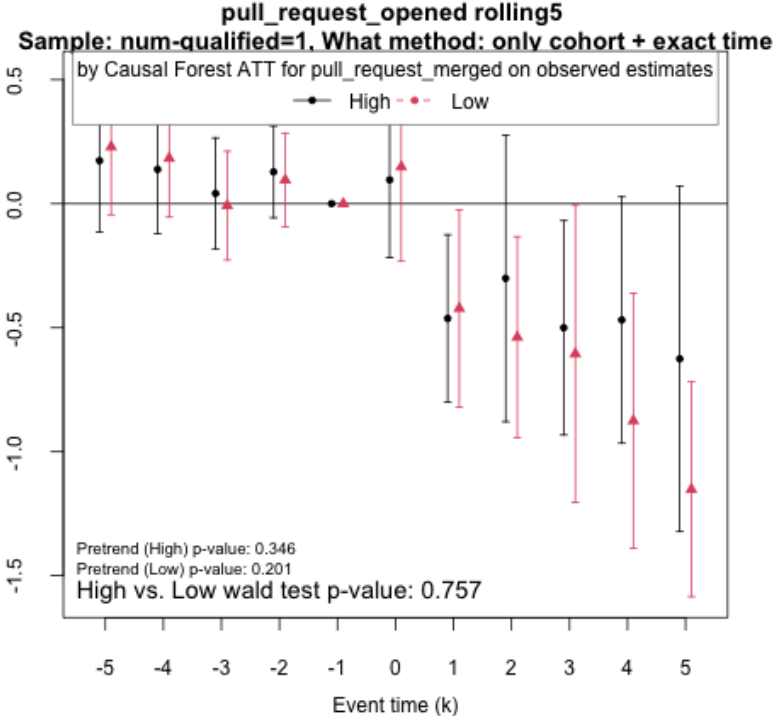

**overall\_new\_release\_count rolling5**  
Sample: num-qualified=1, What method: only cohort + exact time
